The Union Public Service Commission has the privilege to present before the President its Seventy Second Annual Report as required under Article 323(1) of the Constitution.

This Report covers the period from April 1, 2021 (Chaitra 11, 1943 Saka) to March 31, 2022 (Chaitra 10, 1944 Saka).

Foreword

It gives me immense pleasure to present the 72nd Annual Report of Union Public Service Commission (UPSC) for the year 2021-2022.

With a proud legacy of nearly a century, Union Public Service Commission has evolved as one of the most trusted Constitutional institutions in India. It follows processes to ensure fair, just and impartial selection of candidates for the services of the Union. In every sphere of its activity, the Commission's hallmark is in its transparency and fair play.

A number of significant developments are taking place in the methods of recruitment, procedures of selection and use of Information Technology all over the world. This has brought new challenges for the recruiting bodies. To meet these challenges, it is essential to keep pace with the developments taking place all over the world. It is all the more necessary today that the recruiting bodies strengthen their institutional and human capacities. The Commission has always strived to accept the challenges of modern methods and has devised and adopted quite a few methods of its own to bring about qualitative improvements in the organization and conduct of most prestigious examinations of India.

This Annual Report presents a well-organized profile of the tasks that the Commission undertakes and fulfils them with complete dedication and integrity.

CHAPTER - 1

Highlights**I. Examination**

During the year 2021-22, the Commission conducted a total of 16 examinations under the method of Recruitment by Examination, i.e. 13 examinations for selection to Civil Services/ Posts and 03 for Defence Services, against which a total of 29,91,842 applications were received and processed. 4,256 candidates were interviewed for Civil Services/Posts and 22,820 candidates were interviewed for Defence Services/ Posts. The interviews for Defence Services were conducted by Services Selection Board (SSB) of Ministry of Defence. A total of 3,559 candidates were recommended for appointment to various posts; 1,940 candidates (including 116 candidates through Reserve List) for Civil Services/ Posts and 1,619 candidates for Defence Services/ Posts.

(Chapter-3)

2. Against 1,157 posts reserved for SC, ST, OBC and EWS candidates to be filled up under method of Recruitment by Examinations, the Commission recommended 1,152 candidates, including 58 SC, ST, OBC and EWS candidates, who were recommended against the post reserved for them as well as against the general standard in respect of

examinations having provision for Reserve List. Their final status will be known after allocation of service upon applying the Reserve List. In addition to above, 72 candidates were recommended at General Standard, against the unreserved posts, in respect of Examinations having no provision of Reserve List.

(Chapter-5)

3. Under the method of Recruitment by Examination, the offer of appointment is made by the Ministry/Department concerned. A delay in the issues of offer of appointment was reported in 51 cases.

(Chapter-10)

4. 08 cases of malpractices, committed by the candidates were reported to the Commission relating to suppression of information, submission of fabricated/tempered documents, possession of mobile phone, using unfair means etc. during the conduct of examinations. The Commission took serious note of such cases and, after following due process, imposed penalties on the delinquent candidates, ranging from cancellation of their candidature to their debarment up to a period of 10 years from future Examination/ Selections, conducted by the Commission.

(Chapter-12)

5. Changes implemented during the year 2021-22:

(i) In Civil Services (Preliminary) Examination, 2021, there were 73 centres at the time of notification on 04.03.2021 but subsequently i.e. after 31.03.2021, 4 new centres viz. Surat in Gujarat, Nashik in Maharashtra, Almora and Srinagar in Uttarakhand were included in the list of centres before the commencement of the Civil Services (Preliminary) Examination, 2021 held on 04.10.2021 in all the 77 centres.

(ii) NDA & NA Examination (II) 2021 and CDS Examination (II), 2021 were held simultaneously on the same date i.e. on 14.11.2021 at 75 centres.

(iii) Entry of women in NDA has started from NDA & NA Examination (II) 2021.

(Chapter-3)

II. Direct Recruitment by Selection

6. The Commission received 198 requisitions for 1,642 posts from various Ministries/ Departments. After adding the cases carried forward from the previous year, a total of 402 requisitions for 3,930 posts were processed during the year. Of these, 62 requisitions for 365 posts were deemed as closed for want of clarifications from the Ministries/Departments concerned, or withdrawn at the pre-advertisement stage by them.

(Chapter-4)

7. A total of 1,277 posts against 136 requisitions were advertised during the year and 1,58,025 applications were received. The recruitment process was

cancelled in respect of five requisitions for 104 posts, subsequent to the publications of advertisement.

(Chapter-4)

8. During the year, a total of 87,960 applications were finalized including applications received in the preceding year; 2,694 candidates were called for interview and 1,931 candidates actually appeared for interview. 560 candidates were recommended against 666 posts requisitioned in 79 cases. The applicant to Post Ratio was 132 and the Recommendation to Post Ratio was 0.84.

(Chapter-4)

9. Recruitment Tests were conducted in 17 cases, where the number of applicants was disproportionately high vis-à-vis the number of vacancies.

(Chapter-4)

10. The process of selection to 106 posts became infructuous due to non-availability of suitable candidates. Most of these posts required specialized medical or engineering qualifications.

(Chapter-4)

11. As against 338 reserved posts, a total of 259 candidates (73 SC, 48 ST, 115 OBC and 23 EWS) were recommended. Thus 76.6 percent of the posts for reserved category were filled up. Besides, 04 SC, 04 ST, 42 OBC and 08 EWS candidates were recommended for selection against the unreserved post.

(Chapter-5)

12. The Commission recommended 10 candidates against 25 posts reserved for Person with Benchmark Disabilities.

(Chapter-5)

13. A delay was reported in 55 cases in issue of offer letters of appointment, by the Ministry/ Department concerned, to the candidates recommended by the Commission. In certain cases, the Ministry/Department concerned did not provide information regarding the issuance of the offer letters of appointment to the recommended candidates.

(Chapter-10)

III. Appointments

14. The Commission considered the service records of 7,855 officers and made recommendations regarding the suitability of candidates/officials for promotion, deputation, absorptions etc. in respect of 4,773 officers as per following:

- a. 4,662 officers for promotion in Central Services and
- b. 111 officers for appointment on Deputation (ISTC)/Absorption.

15. Advice letters were issued to the Ministries/ Departments concerned in 489 DPC cases and in 191 Deputation cases (including 92 infructuous cases).

(Chapter-7)

IV. Recruitment Rules

16. During the year 2021-22, proposals relating to amendment, formulation of Recruitment Rules covering 242 posts [including 7 Service Rules and 5 One Time Mode proposals] were advised by the Commission.

17. Out of 242 proposals, 177 proposals were advised online on RRFAMS and 65 proposals were advised offline.

18. Commission advised on framing of Service Rules for the newly created Indian Railway Management Service under the Ministry of Railways.

(Chapter-6)

V. Disciplinary Cases

19. During the year 2021-22, 650 disciplinary proposals were received at Single Window System, out of which 498 proposals were accepted and 152 proposals were returned due to deficiencies in documents.

20. Out of these 498 accepted proposals, seven proposals had two charged officers in each proposal and one proposal had three charged officers. Therefore, a total of 507 [498 + (7x1) + (1x2)] disciplinary cases were accepted at Single Window. Further, eight cases were received directly through post. Thus, a total of 515 cases were received in the Commission. 401 cases were brought forward from the previous year, i.e., 2020-21. Out of the total 916 cases, advice of the Commission was tendered in 535 cases and 58 cases were returned on account of procedural deficiencies, leaving a balance of 323 cases at the close of the year.

21. UPSC issued 535 advice letters during the year 2021-22, which was the highest number during the last 15 years and 24% increase over 433 advice letters issued in the previous year 2020-21, despite two intervening waves of Covid-19 pandemic during the year. Further, UPSC was able to reduce the pendency of disciplinary cases to 323 cases at the end of year 2021-22 which was a reduction of nearly 20% as compared to the pendency

of 401 cases at the end of the previous year 2020-21.

(Chapter-8)

VI. Miscellaneous

22. A total of 6,405 RTI applications and 450 RTI appeals were received during the year 2021-22. RTI applications and appeals were disposed off within the time limit prescribed under the RTI Act, 2005.

23. 95th Foundation Day of the Commission was celebrated on 01.10.2021.

24. During the year 2021-22, Commission considered seven proposals received from the Government seeking exemption from its consultation.

25. 80th & 81st issues of Half Yearly Newsletters of Public Service Commissions containing, inter-alia, incumbency statement of UPSC and 29 State Public Service Commissions, appointment/retirement of Chairmen/ Members, Examinations/ Recruitments held, DPCs/ SCMs held, visit by dignitaries, etc. were brought out.

26. During 2021-22, 37 officials received typing training under Hindi Teaching Scheme. Three workshops were organized for the officers/ employees of the Commission to encourage use of Hindi in daily work.

CHAPTER - 2

Brief History and Workload over the Years**Brief History**

The origin of the Public Service Commission in India is found in the First Dispatch of the Government of India on Indian Constitutional Reforms on March 5, 1919 which referred to the need for setting up some permanent office charged with the regulation of service matters. This concept of a body intended to be charged primarily with the regulation of service matters, found a somewhat more practical shape in the Government of India Act, 1919. Section 96C of the Act provided for the establishment in India of a Public Service Commission which should “discharge, in regard to recruitment and control of the Public Services in India, such functions as may be assigned thereto by rules made by the Secretary of State in Council”.

2. After the passing of the Government of India Act, 1919, a prolonged correspondence took place between the Secretary of State, the Government of India and Local Governments, regarding the functions and machinery of the body to be set up. This continued for over four years. No decision was, however, arrived at, and the subject was referred to the Royal Commission on the Superior Civil Services in India (Lee Commission). In their report dated 27th March, 1924, **the**

Lee Commission recommended that the statutory Public Service Commission contemplated by the Government of India Act, 1919 should be established without delay.

3. In spite of the provisions of the Section 96(C) of the Government of India Act, 1919 and the strong recommendations made by the Lee Commission in 1924 for the early establishment of a Public Service Commission, it was not until October, 1926 that the Public Service Commission was set up in India for the first time.

4. **The first Public Service Commission was established on October 1, 1926.** The Commission consisted of four Members in addition to the Chairman, appointed by the Secretary of State in Council. Sir Ross Barker, a member of the Home Civil Service of the United Kingdom, was the first Chairman. The Commission was built up by him and his successors on the model and in accordance with the traditions of the British Civil Service Commission.

5. The functions of the Public Service Commission were not laid down in the Government of India Act, 1919, but were regulated by the Public Service Commission (Functions) Rules, 1926 framed under sub-section (2) of Section 96(C) of the Government of India Act, 1919.

These rules provided for consultation with the Commission on questions connected with recruitment to All-India Services and to the Central Services Class I and Class II, on questions of drawing up of syllabi for examinations and of qualifications for recruitment by selection, on promotions to these Services, on disciplinary cases, on questions connected with pay and allowances, pension, provident or family pension funds, leave rules and conditions of service, generally of any of these services.

6. The next important development in the history of Public Service Commission in India took place with the issue of a White Paper in December, 1931 containing proposals for Indian Constitutional Reforms. The White Paper also included a blue print of the Public Service Commissions for the proposed Federation and the Provinces. The report of the Joint Committee on Indian Constitutional Reforms (1934) was the next step in this direction.

7. The proposals contained in the White Paper in regard to the Public Service Commissions, as further elaborated in the report of the Joint Committee on Constitutional Reforms (1934) were given concrete form in Sections 264 to 268 of the **Government of India Act, 1935**. The Act envisaged a Public Service Commission for the Federation and a Provincial Public Service Commission for each Province or group of Provinces.

8. **The Sections of the Government of India Act, 1935 relating to the Public Service Commissions were brought into force on 1st April, 1937, and the then Public Service Commission at the Centre became the Federal Public Service Commission.**

9. The Constituent Assembly saw the need for giving a secure and autonomous status to Public Service Commission both at Federal and Provincial levels for ensuring unbiased recruitment to Civil Services as also for protection of service interests. After Independence, **with the promulgation of the new Constitution for independent India on 26th January, 1950, the 'Federal Public Service Commission' was accorded a Constitutional status and was renamed as 'Union Public Service Commission'**. The Chairman and Members of the Federal Public Service Commission became Chairman and Members of the Union Public Service Commission by virtue of Clause (1) of Article 378 of the Constitution. The list of Chairmen and Members since 1926 is given at **Appendix-36**.

Functions of the Commission

10. **The functions of the Commission are prescribed in Article 320 of the Constitution. These include:**

- (a) Conduct of Examinations for appointment to the Services of the Union.
- (b) Direct recruitment by selection through interviews.
- (c) The Commission shall also be consulted in:-
 - (i) Appointment of officers on promotion / deputation / absorption.
 - (ii) Framing and amendment of Recruitment Rules for various Services and posts under the Government of India and Union Territories.

- (iii) Disciplinary cases relating to different Civil Services. to the present is given in **Tables-1, 2, 3, 4 and 5.**
- (iv) On any matter referred by the President of India. 12. **Table-1** gives the number of applications received, candidates interviewed/ Service records evaluated and candidates recommended over the years.

Single Window System

17. The Single Window System was first adopted in the Commission in the year 2011 and has been extended in a phased manner to cover the various functions of the Commission. It is intended to expedite the processing of Promotion/Deputation Cases / Selection Committee Meetings/ Disciplinary cases/ Recruitment Rules proposals/Direct Recruitment cases. Under this dispensation:-

- (i) Ministries/ Departments/ State Governments are required to bring their proposals in person to the Commission. A designated official, of the rank of Under Secretary in the respective Branch of the Commission scrutinizes the

proposal in consultation with the Representative(s) of the Ministries/ Departments on the spot.

- (ii) Deficient proposals are returned indicating the shortcomings which require to be rectified. Proposals complete in all respects, in accordance with the check-list are accepted and processed in a time bound manner.

18. The Single Window System has improved the compliance of the extant guidelines in the submission of proposals by Ministries/Departments/ State Governments. This has reduced the processing time of cases. Comparative details of time taken in processing various cases are given in **Table-6**.

Table-6: Reduction in processing time of proposals in the Commission after adoption of Single Window System

Year	DPC	Deputation
2007-08	133 days	180 days
2021-22	63# days	106# days
Effective reduction in time (in percentage)	52.63 %	41.11 %

Including cascading effect of two Covid-19 waves causing postponement of some DPCSCMs/SCMs(PT).

CHAPTER - 4

Direct Recruitment by Selection

Article 320 and Article 321 of the Constitution mandate the Union Public Service Commission with the responsibility of Direct Recruitment to the Group-A and Gazetted Group-B posts of Central Government, Union Territories, Statutory Organizations, Local Bodies and Public Institutions, by the selection method.

Number of Requisitions Received

2. During the year 2021-22, the Commission received 198 requisitions for 1,642 posts from various Ministries/ Departments compared to 147 requisitions for 1,746 posts received during the

previous year. The Commission processed in all 402 requisitions (including the backlog) for 3,930 posts during 2021-22 as compared to 328 requisitions for 3,266 posts during 2020-21. Out of these 402 requisitions, 62 requisitions for 365 posts were returned to the concerned Ministries/ Departments due to discrepancies in the proposals. The proposals returned by the Commission to the concerned Ministries/ Departments were treated as closed. A pictorial representation of the number of requisitions received and the posts involved, during the last two years, are given in **Diagram-1**.

Diagram-1: Number of Requisitions Received and Posts Involved

3. Diagram-1 indicates that there has been significant increase in the number of fresh requisitions but decrease in posts received by the Commission from the Ministries/Departments concerned during the year 2021-22 as compared to the previous year 2020-21.

Statistical Abstract of the Number of Applications Received, Candidates Interviewed and Recommended

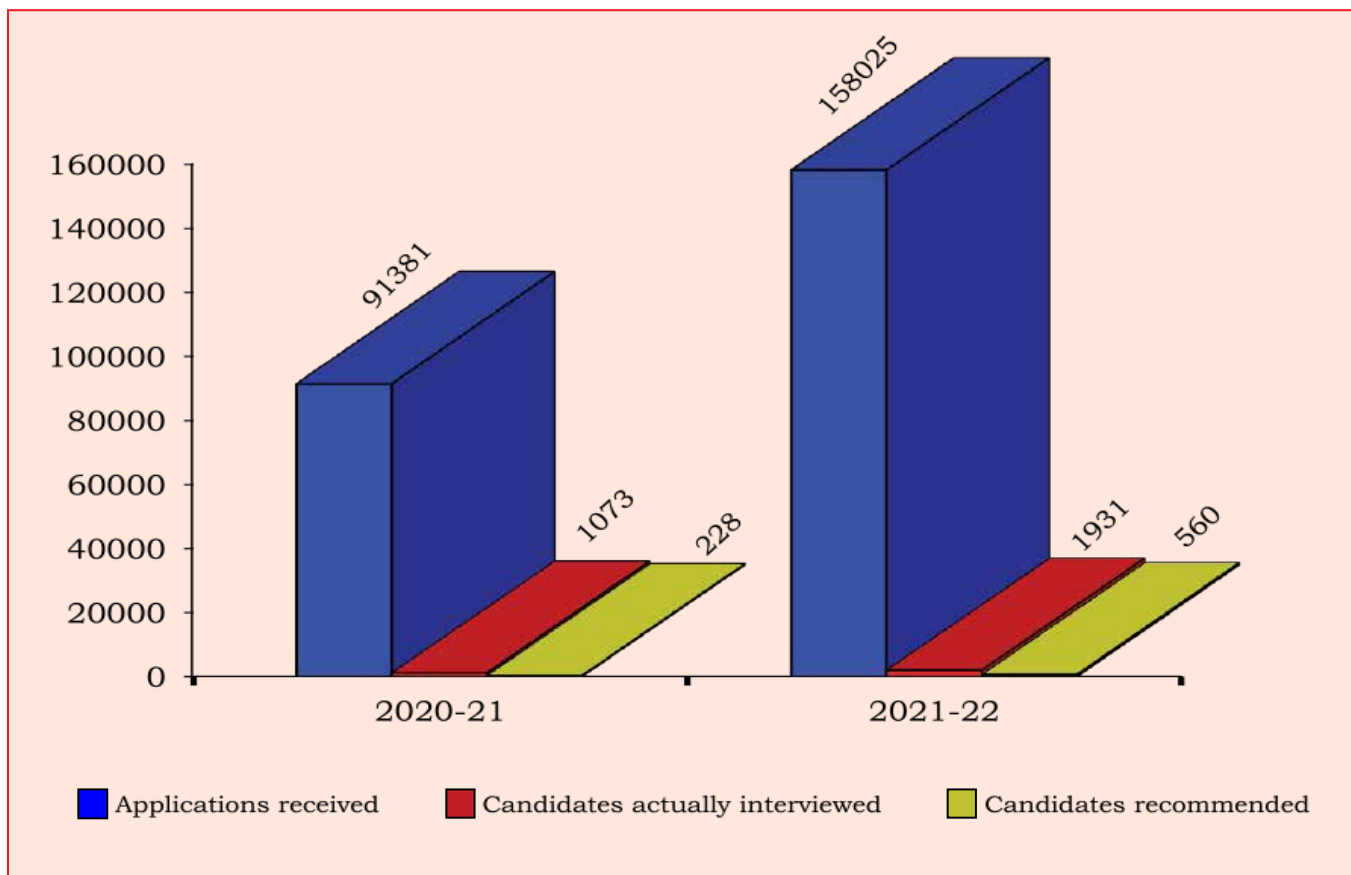

4. During the year 2021-22 the Commission issued 20 advertisements inviting applications in 136 requisitions for 1277 posts. The number of posts advertised, Ministry-wise, during the year 2021-22 is given at **Appendix-12**. The recruitment process was cancelled in respect of five requisitions for 104 posts,

subsequent to the publication of the advertisements due to various reasons viz. Court orders, withdrawal of requisition, etc.

The Commission received 1,58,025 online applications during 2021-22.

A total of 87,960 applications were finalized during the year, which included applications received in the preceding year. After short listing, the Commission summoned 2,694 candidates for interview out of whom 1,931 candidates appeared for interview. A total of 79 requisitions for 666 posts were finalized by the Commission, recommending 560 candidates for appointment to various posts during the year 2021-22. The same is being depicted at **Diagram-2**.

Diagram-2: Number of Applications Received, Candidates Interviewed and Candidates Recommended

5. During the year 2021-22, the number of posts in respect of which recruitment process was finalized, the number of candidates recommended, applicants to post ratio and recommendation to post ratio, under four broad disciplines of Engineering, Scientific & Technical (excluding Engineering), Non-Technical and Medical, are given in **Table-1**.

Table-1: Broad Discipline-wise Number of Posts Finalized and Candidates Recommended During 2021-22

Broad Discipline	Number of Posts	Number of Applicants	Candidates Recommended	Applicants to Post Ratio	Recommendation to Post Ratio
Engineering	153	39138	147	256	0.96
Scientific and Technical (Excluding Engg.)	42	5491	39	131	0.93

Medical	366	37213	275	102	0.75
Total	666	87960	560	132	0.84

Notes: 1. Applicants to Post Ratio = Number of applicants divided by number of posts.
2. Recommendation to Post Ratio = Number of candidates recommended divided by number of posts.

6. The number of posts, Discipline/ Specialization-wise and Community-wise, for which recruitment process was finalized under the above four broad disciplines and the number of candidates recommended for appointment by the Commission during the year 2021-22 are given at **Appendices-13, 14, 15 and 16**. A statement showing the percentage variation (discipline-wise) in 2021-22 vis-à-vis the corresponding figures of previous year is given at **Appendix-2**.

Recruitment Tests

7. Recruitment Tests (RTs) are held in those cases where the number of applications received is large. RT Method is resorted to for the purpose of shortlisting the candidates to a reasonable number. The performance of the candidates in the RT is assigned appropriate weightage on

case to case basis, followed by Interview for final selection.

8. **During the year 2021-22, Recruitment Tests were held in 17 cases of recruitment for 809 posts.** Details of these cases are given in **Appendix-17**.

Applicants to Post Ratio (APR)

9. Applicants to Post Ratio (APR) is an indicator of the average number of candidates who apply against one post. There were, on an average, 132 applicants per post in cases of Direct Recruitment by Selection, which were finalized during the year 2021-22. **Diagram-3** indicates that the APR has increased in Engineering, Scientific & Technical and Medical disciplines but decreased in Non-Technical discipline as compared to the previous year.

Diagram-3: Year-wise Applicants to Post Ratio

Recommendation to Post Ratio (RPR)

10. Recommendation to Post Ratio (RPR) of less than 1 indicates non-availability of suitable candidates for the

post. **Diagram-4** indicates that the RPR in 2021-22 is lower in respect of Scientific and Technical disciplines as compared to the previous year.

Diagram-4: Year-wise Recommendation to Post Ratio

None Found Suitable

11. During the year, the recruitment process became infructuous for 106 posts as suitable candidates were not found. Most of these posts required specialized Medical or Engineering qualifications.

Bulk Recruitment Cases

12. In cases where the number of applications exceeds 500 are treated as Bulk Recruitment cases. There were 21

such cases for 309 posts finalized during 2021-22, for which 82,770 applications were received. Details of such cases are given at **Appendix-18**.

Recruitment for Statutory Bodies/ Local Authorities

13. During the year 2021-22, no recruitment was made for Statutory Bodies/Local Authorities by the Commission.

Changes made to improve the efficiency and functioning of the Commission.

14. An upgraded version of ORA Post Processing Software was introduced for facilitating online scrutiny of recruitment applications. Keeping in pace with the technological developments, constant efforts were made to make improvements in the system to ensure effective and faster processing of recruitment cases. Insistence on submission of supporting documents alongwith online application itself has resulted in faster scrutiny of applications and lesser number of rejections due to incomplete documents.

14.1 After uploading the scrutiny details and the modalities adopted for scrutiny, candidates are given 15 days' time to make representation(s) on the same. This has contributed to ensure transparency of selection made by the Commission.

14.2 VPN facility was extended to the Officers while working from home during lockdown period as well as in Office to ensure processing and timely finalization of recruitment cases.

14.3 In order to assist and ensure prompt and proper response to the applicants belonging to PwBDs applying for Commission's examinations and recruitment cases, a dedicated Helpline Unit was set up.

Difficulties Experienced/ Constraints Faced

15. Difficulties were experienced in processing of recruitment proposals due to Covid 19 pandemic and associated lockdown.

15.1 With many different nomenclatures for similar qualifications and specializations in the degrees issued by various Universities/Institutes in different fields, difficulties are faced in determining the relevancy and equivalency of various qualifications possessed by the candidates.

15.2 Many of the Recruitment Rules contain the term 'equivalent degree' with regard to qualification required for the post, which are not defined clearly. A large number of applications from candidates with similar degree to that required in Essential Qualification/Desirable Qualification of advertisement are received for these posts. As it becomes difficult to determine the equivalency of various degrees, the Commission has to seek clarifications from indenting Ministries/ Departments separately on case to case basis regarding equivalent degree in Essential Qualification/Desirable Qualification required for a particular post, which results in delays in processing of the case.

15.3 The candidates often do not comply with the given instructions. Non submission of documents along with the Online Applications results in delays in completion of scrutiny process.

Technology Induction

16. The Commission received requisition from DoP&T for recruitment on contract basis (lateral entry) to posts of the level of Joint Secretary/Director and Deputy Secretary in different Ministries/ Departments of the Government of India. The existing software for inviting online applications and for conduct of online

scrutiny of applications was suitably modified to cater to the requirements of the said recruitment. Similarly, Detailed Application Form (DAF) for the post of Enforcement Officer in EPFO was also developed to facilitate submission of the same by candidates who qualified in the Recruitment Test held for the post.

16.1 The entire data of ORA (Online Recruitment Application) Post Processing server migrated to NIC cloud server for better management and upkeep of ORA database.

16.2 Manual implementation of double verification in ORA fee payment module was introduced in ORA system in consultation and collaboration with State Bank of India (SBI) to address fee payment issues in ORA system.

16.3 Multiple Online Payment System (MOPS) of the SBI was introduced in fee payment system. Under this new gateway, in addition to earlier payment methods, internet banking of all banks other than

SBI and UPI payment gateways have been incorporated for use by candidates for submitting their fee, if applicable at the time of filling online applications.

Lateral Recruitment

17. Requisitions for recruitment on contract basis (Lateral Entry) to three posts of the level of Joint Secretary/ 27 Posts of the level of Director and 13 Posts of the level of Deputy Secretary in different Ministries/ Departments were received from the DoP&T in December, 2020 and February, 2021 respectively. The posts were advertised with closing date as 22.03.2021 for Joint Secretary/ Director level posts and as 03.05.2021 for Deputy Secretary level posts. A total of 295 applications for Joint Secretary level posts, 1247 applications for Director level posts and 489 applications for Deputy Secretary level posts were received. The cases were processed and finalised on priority and recommendations to 31 posts were issued by 08.10.2021 and remaining 12 posts became infructuous.

CHAPTER - 6

Recruitment Rules, Service Rules and Mode of Recruitment

The Commission is mandated to advise on the framing/ amendment of Recruitment Rules and Service Rules in respect of Civil Posts and Services under Government of India /Union Territories as well as for the posts under certain Statutory Organizations viz. New Delhi Municipal Council, Employees Provident Fund Organisation, Employees State Insurance Corporation, Delhi Jal Board, etc. In the absence of notified Recruitment Rules for newly created posts, the Commission renders its advice regarding 'one-time method' of Recruitment, on request of the concerned Ministry / Department to fill up the given post. During 2021-22, the Commission received proposals covering 276 posts for framing and amendment of Recruitment Rules including 5 proposals for determination of one-time mode of recruitment. Proposals in respect of 49 posts were brought forward from the previous year, and thus proposals relating to 325 (276 + 49) posts were to be evaluated during 2021-22. The Commission rendered its Advice in respect of Recruitment Rules proposals for 242 posts and remaining 83 proposals were carried forward to the next year i.e. 2022-23.

2. During 2021-22, the Commission advised the following 7 proposals relating to framing /amendment of Service Rules:-

- i. Indian Ordnance Factory Service (Group 'A') Rules
- ii. Indian Ordnance Factory Health Service (Group 'A') Rules
- iii. Armed Forces Headquarters Official Language Service Rules
- iv. Indian Railway Management Service Rules
- v. Delhi Administration Subordinate Service Rules
- vi. Delhi Administration Stenographers Service Rules
- vii. Delhi Health Service (Dental Surgeon) Service Rules

3. During the year, the Commission advised upon one-time method of recruitment in respect of 5 proposals for newly-created post(s).

4. The number of posts for which proposals were received and Advice rendered, year-wise basis, during the past five years is given in **Table-1** and depicted in **Diagram-1**.

Table-1: RR Proposals evaluated during the last five years

5.	2021-22	49	276	325	242	83

Diagram-1: RR Proposals evaluated during the last five years

5. During 2021-22, 325 proposals for framing/ amendment of Recruitment Rules/ Service Rules were received/ brought forward from previous year. The Commission rendered advice in 242 cases and rest were carried forward to 2022-23. As such, 74.46% of total proposals were advised upon.

RRFAMS

6. An online portal viz. Recruitment Rules Formulation, Amendment Monitoring System (RRFAMS) for submission of proposals for framing/amendment of Recruitment Rules developed by DoP&T was extended to UPSC w.e.f. 03.12.2018. RR proposals approved by DoP&T on RRFAMS portal are now being received in the Commission online. Advice of the Commission on such proposals is also conveyed to the concerned Ministry/

Department online. During the period from 01.04.2021 to 31.03.2022, advice of the Commission on proposals for framing /amendment / One Time Mode of RRs covering 177 posts was issued online.

Single Window System

7. Amendment/ formulation of Service Rules are being received in Single Window System as format of Service Rules is yet not finalized in RRFAMS. Similarly, the proposals relating to amendment/ framing of Recruitment Rules of the Departments/ Ministries/ Offices which are yet not on RRFAMS are also being received in the Commission under the Single Window. This System provides for preliminary scrutiny of proposals received from the Ministries/ Departments concerned based upon a pre-defined Check-list, which makes the process of scrutiny faster.

CHAPTER - 7

Promotions and Deputations

Induction of State Service Officers into the All India Services

Induction of State Service Officers into the All India Services viz. Indian Administrative Service (IAS)/Indian Police Service (IPS)/Indian Forest Service (IFoS) is governed by the Promotion Regulations framed by the Government of India under the provisions of Article 309 of the Constitution of India. The Selection Committee, presided over by the Chairman or a Member of the Commission, selects Officers of various States/UTs for induction into the All India Services. The Government of India (Department of Personnel & Training) vide their

Notification dated July 25, 2000 amended the IAS/IPS/IFoS Promotion Regulations, thereby providing for preparation of year-wise Select Lists. Accordingly, the Select Lists against the vacancies of 2020 for induction into various All India Services were prepared during the year. In addition, in the case of some States where a backlog existed, the Select Lists of previous years were also prepared.

2. The comparative figures of Officers of various States considered and recommended for induction into the All India Services during the last five years are given in **Diagram-1**.

Diagram-1: Promotion to All India Services (Total)

3. During 2021-22, the Commission considered 1,448 Officers of various States, of whom 540 Officers were recommended for induction into the All India Services whereas in 2020-21, a total of 1,463 Officers were considered of whom 481 Officers were recommended for induction into the All India Services as shown in **Table-1**.

Table-1: Number of Officers recommended Service-Wise

Particulars	2020-21	2021-22
IAS (From State Civil Service)	296	173
IAS (From Non-State Civil Service)	12	16
IPS	130	222
IFoS	43	129
Total	481	540

4. The comparative figures of Officers of various States, Service-wise, considered and recommended for induction into the All India Services during the last two years are represented in **Diagram-2**.

Diagram-2: Number of Officers considered & recommended Service-Wise

5. During 2021-22, Selection Committee Meetings (SCMs) were held for preparation of current Select List i.e. 2020 in respect of 40 out of 120 Cadres/ Sub-Cadres. In 22 Cadres/ Sub-Cadres, “Nil” vacancy was determined by the Government of India. The details are at **Appendix-19**. Thus, the overall percentage of Cadres/ Sub-Cadres covered during 2021-22 comes to 51%. The Commission, from the beginning of the year 2021, made earnest efforts to set the process of induction into All India Services into motion so that there would be no delay in convening the Selection Committee Meetings for promotion of State Service Officers to respective All India Services. The communications were issued to all the State Governments/Cadres and the Cadre

Controlling Authorities in the Central Government in the month of January itself requesting them to get the vacancies determined and send the proposals for convening the Selection Committee Meetings, as per the suggested dates in the Model Calendar.

6. In respect of the remaining Cadres/ Sub-Cadres, Select Lists could not be prepared due to various reasons such as vacancies not having been determined by the Government of India, seniority disputes, non-finalization of Select Lists of earlier years and non-receipt/delayed receipt of proposals from the State Governments, etc. The details in this regard are represented in **Diagram-3** and given at **Appendix-22**.

Diagram-3: Breakup of SCMs during 2021-22

7. During 2021-22, in 32 SCMs, Select Lists for 32 Cadres/Sub-Cadres were prepared for the current year of 2020 only and in another 08 SCMs, 25 Select Lists were prepared which included 08 Select Lists for the current year and 17 Select Lists for the previous years. In addition, in 18 other SCMs, 38 Select Lists were prepared only for the previous years. Hence, a total of 58 SCMs were

held during 2021-22 (**Appendix-20**) in which 95 Select Lists were prepared. In addition, pursuant to the directions of the Hon'ble High Court/CAT, 08 Review SCMs were held, wherein 13 Select Lists were reviewed. Thus, during 2021-22, a total of 108 Select Lists have been prepared/reviewed. Details in this regard are given in **Table-2**:

Table-2: Select List prepared during 2021-22

Empanelment of Indian Police Service Officers for appointment to the post of Director General of Police (Head of Police Force) in States.

8. The Hon'ble Supreme Court vide their Order dated September 22, 2006 in WP No. (Civil) No. 310/1996 (Prakash Singh and Ors. Vs. Union of India and Ors) inter alia directed that the Director General of Police (DGP) of the State shall be selected by the State Government from amongst the three senior most Officers of the Department who have been empanelled for appointment to the post of DGP (Head of Police Force) by the Union Public Service Commission. It is mentioned that the Commission had not been involved in the matter of promotion/

appointment to the post of DGP (HoPF) of the State as there was no provision of consultation with Commission in case of promotion within All India Services.

However, in view of the aforesaid specific Order of the Hon'ble Supreme Court, the Commission filed Interlocutory Applications (IAs) before the Hon'ble Supreme Court seeking directions regarding the modalities for such empanelment and for directions to all the authorities concerned to provide assistance to the Commission in finalization of the process of empanelment. The IAs filed by the Commission were pending before the Hon'ble Supreme Court as on March 31, 2022.

9. In the meanwhile, in an IA filed by the Ministry of Home Affairs for modification in the judgement dated 22.09.2006, the Hon'ble Supreme Court, vide order dated 03.07.2018, directed that all the States shall send their proposal for preparation of panel as per directions in the judgement dated 22.09.2006 well in time at least three months prior to the date of retirement of the incumbent on the post of Director General of Police.

10. During 2021-22, 09 Empanelment Committee Meetings were held for preparation of panel for appointment of DGP (HoPF) in the States of Kerala, Tamil Nadu, Uttar Pradesh, Haryana, Maharashtra, Odisha, West Bengal, Punjab and Meghalaya.

Promotions & Deputations

11. Article 320 of the Constitution of India provides for consultation with the Commission on the principles to be followed in making appointments to Civil Services and posts and in making promotions and transfers from one service to another and on the suitability of candidates for such appointments, promotions or transfers.

12. In accordance with the constitutional provisions, the Commission performs the work relating to promotions/deputations [including short term contract (ISTC)]/

absorption to various Civil Services and posts of the Central Government and the Union Territories. In accordance with the provisions of Article 321, the functions of the Commission are also extended in respect of promotions/deputation (ISTC)/ absorption to posts in Local Authorities, Body Corporates or Public Institutions/ wherever the relevant Acts provide therefor.

13. During 2021-22, the Commission made recommendations in respect of 4,773 officers for their appointment by promotion/ deputation (ISTC)/ absorption as compared to 4,804 officers in 2020-21. In the process, the Commission considered service records of 7,855 officers during 2021-22, as compared to 7,637 service records considered during 2020-21.

Single Window System for Promotion/ Deputation (ISTC)/ Absorption proposals

14. In order to expedite the processing of promotion/deputation (ISTC)/absorption proposals, the Single Window System was introduced in the Commission w.e.f. August 1, 2010.

15. The details of proposals received/ returned and the stage of processing of cases accepted under the Single Window System during 2021-22 as on March 31, 2022 are given in the following **Table-3:**

Table-3: Proposals received/returned and stage of processing

Promotions in Central Services

16. During 2021-22, a total of 581 Departmental Promotion Committee (DPC) proposals were accepted under the Single Window System. 124 DPC proposals were brought forward from previous year i.e. 2020-21. DPC meetings were held and advice letters were issued to the Ministries/ Departments concerned in 489 cases. 45 DPC proposals were returned to the Ministries/ Departments after detailed examination. In respect of 56 cases dates for DPC Meetings were fixed or Members were nominated to preside over the DPC

meetings. In respect of 32 cases, replies to certain queries were awaited from the Ministries/ Departments concerned and the remaining 83 cases were at various stages of processing as on March 31, 2022.

17. The average time taken for disposal of a DPC case during 2021-22 was 63 days as compared to 120 days of Normal Time of Disposal (NTD). The details of deficient proposals and the time taken to dispose off DPC proposals which were accepted in the Commission during the last 5 years are given in the following **Table-4:**

Table-4: Details of Deficient proposals and disposal time - DPC cases

18. The Commission recommended 4,662 officers in 489 DPCs convened during 2021-22, as compared to 4,670 officers recommended in 374 DPC meetings convened during 2020-21.

19. Out of 4,662 officers recommended for promotion during the year 2021-22, 302 officers belonging to SC and ST categories were recommended against 560 vacancies reserved for them. Against the balance 258 reserved vacancies, no SC/ST officer could be recommended due to non-availability of eligible officers. A total of 281 officers belonging to SC and ST categories were recommended for promotion from Group 'B' to Group 'A' posts against unreserved vacancies. Ministry/ Department-wise break up of such cases are given at **Appendix-24**.

Deputation (ISTC)/Absorption

20. During 2021-22, a total of 207 proposals for Deputation (ISTC)/ Absorption were accepted under the Single Window System. 52 deputation proposals were brought forward from

previous year i.e. 2020-21. SCMs/ SCMs(PT) were held and advice letters were issued to the Ministries/Departments concerned in 99 cases and 92 cases were rendered infructuous for various reasons. 11 Deputation proposals were returned to the Ministries/ Departments after detailed examination. Further, in 13 cases, dates of SCMs were fixed or Members were nominated. In respect of 12 cases, replies to certain queries were awaited from the Ministries/Departments concerned and the remaining 32 cases were at various stages of processing as on March 31, 2022.

21. The average time taken for disposal of Deputation (ISTC)/ Absorption proposals that were accepted during 2021-22 was 106 days as against the prescribed Normal Time of Disposal (NTD) of 180 days. The details of deficient proposals and the time taken to dispose off the proposals which were accepted in the Commission during the last 5 years are given in the following **Table-5**:

Including cascading effect of 2 Covid-19 waves causing postponement of some SCMs/ SCMs(PT).

22. The Commission recommended 111 officers in the 99 SCMs/SCMs(PT) for Deputation (ISTC)/Absorption held during 2021-22, as compared to 134 officers recommended in 76 SCMs/SCMs(PT) held during 2020-21.

Ad-hoc Appointments reported by Ministries/Departments

23. The Appointments made by the Government to various Group 'A' and Group 'B' posts, pending appointments/promotions of candidates through the Commission, are treated as ad-hoc Appointments. Such appointments/promotions are required to be reported to the Commission by all the Ministries and Departments by way of monthly and half yearly returns. However, monthly/half yearly returns from 60 Ministries/Departments and Union Territories were not received during the year 2021-22. The details are at **Appendix-23**.

24. During the year 2021-22, 01 Ministry/Department/ including Union Territory filed reports regarding fresh ad-hoc Appointments. As per the above report, 05 ad-hoc appointments have been made. During the year 2020-21, 02 Ministries/Departments/ Union Territories filed their reports according to which 48 ad-hoc Appointments were made.

25. At the end of 2021-22, no cases of ad-hoc Appointments were reported by the Ministries/ Departments, which were continuing for more than one year.

Implementation of the Judgements/Orders of the CAT/Court.

26. The Commission examines and processes the proposals relating to promotions and deputations/ absorption to various posts pertaining to Ministries/Departments/ Organizations/ Union Territories concerned wherever consultation with the Commission is necessary in conformity with the Recruitment Rules.

27. Accordingly, DPCs/SCMs/SCMs (PT) are held for such posts in the Commission. Recommendations of the Commission relating to the officers/candidates are sent to the Ministries/Departments/ Organizations/ Union Territories concerned and such recommendations are to be implemented by the Appointing Authorities. The Commission acts as an Advisory Body and recommends panels for appointment by promotion/ deputation (ISTC)/ absorption. The onus for implementation of any CAT/ Court direction in promotion/ deputation cases lies primarily on the Ministry/ Department/ Organization/ UTs concerned.

CHAPTER - 8

Disciplinary Cases

Article 320(3)(c) of the Constitution stipulates that the Union Public Service Commission shall be consulted on all disciplinary matters affecting a person serving under the Government of India or State Government (in respect of officers of All India Services) in a Civil capacity, including memorials or petitions relating to such matters. Consultation with the Commission is also required under the relevant Pension Rules where the President proposes to withhold or withdraw the pension of a retired Government Servant. Accordingly, the disciplinary cases are referred by the Ministries/ Departments and State Governments to the Commission for advice.

2. For expeditious disposal of disciplinary cases in the Commission and to reduce avoidable delay, the Single Window System was introduced by the Commission in September, 2010 covering five Ministries. This System was gradually extended to all Ministries and Departments. With effect from January 1, 2013, all the State Governments were also covered under the Single Window System. To facilitate easier access to Ministries/ Departments/ State Governments, 'e-appointment under

Single Window System' for submitting the disciplinary cases was made operational from November 20, 2018. As per the appointments taken, the cases so received are initially scrutinized in accordance with the check-list at Single Window. Only proposals complete in all respects are accepted for further examination and advice in the Commission.

3. The introduction of the Single Window System has resulted in the submission of proposals with greater compliance of the documentary and procedural requirements by the Ministries/ Departments and State Governments concerned, which has reduced the processing time, thereby resulting in the disposal of cases in a time bound manner. Also, arrangement of workshops in recent years by the Commission to sensitize various Ministries/ Departments/ State Governments with regard to importance of adherence to the procedure while dealing with disciplinary proceedings and the need to fill up the Check-list accurately while submitting the cases to the Commission has also helped in reduction of the number of cases returned on account of documentary and procedural deficiencies.

4. During the year 2021-22, 650 proposals were received at Single Window. Out of these, 498 proposals were accepted and 152 proposals were returned due to deficiencies in the documents. Out of these 498 accepted proposals, seven proposals had two charged officers in each proposal and one proposal had three charged officers. Therefore, a total of 507 [498 + (7×1) + (1×2)] disciplinary cases were accepted at Single Window. Further, eight cases were received directly through post. **Thus, a total of 515 cases were received in the Commission.**

5. The number of disciplinary cases received and processed in the Commission

during 2021-22 and the preceding six years are given in the **Table-1**. During the year 2021-22, the Commission received 515 disciplinary cases for tendering advice. On including the 401 cases brought forward from the previous year i.e. 2020-21 which were pending with the Commission as on April 1, 2021, the total number of cases with the Commission during the year was 916. Out of these 916 cases, advice of the Commission was tendered in 535 cases and 58 cases were returned on account of procedural deficiencies, leaving a balance of 323 cases at the close of the year, as shown in the table below.

Table-1

Year	No. of cases brought forward at the commencement of the year	No. of cases received during the year	No. of Advice Letters sent during the year	No. of cases returned during the year	Balance left at the end of the year
2015-16	149	546	492	91	112
2016-17	112	487	431	49	119
2017-18	119	582	372	66	263
2018-19	263	595	493	63	302
2019-20	302	578	447	47	386
2020-21	386	502	433	54	401
2021-22	401	515	535	58	323

6. It may be noted that UPSC has issued 535 advice letters during the year 2021-22, which is highest number during the last 15 years and 24% increase over the 433 advice letters issued in previous year 2020-21, despite two intervening waves of Covid-19 pandemic during the year. Further, UPSC has been able to reduce the pendency of disciplinary cases to 323 cases at the end of year 2021-22. This is a reduction of nearly 20%

as compared to pendency of 401 cases at the end of previous year 2020-21.

7. The details of misconduct, number of Officers charge sheeted, Group-wise, and the details of the Commission's advice are given at **Appendix-28**. This Appendix also depicts the number of cases, which were returned to the Ministries/ Departments and State Governments concerned on account of procedural/ documentary deficiencies.

8. Ministry/Department and State Government wise detail in respect of 535 cases in which the Commission tendered its advice is given at **Appendix-29**.

9. In 369 cases, the charges pertained to doubtful integrity. Of these, the Commission advised imposition of major penalty in 324 cases, minor penalty in 19 cases and no penalty in 26 cases. There were 162 cases relating to other categories of misconduct, including lack of devotion to duty. In these cases, the Commission advised imposition of major penalty in 99 cases, minor penalty in 49 cases and no penalty in 14 cases.

10. In remaining four cases, the advice of the Commission was of a miscellaneous nature. Of these, (a) In one case, the Commission while considering an appeal observed that the Disciplinary Authority (DA), while disagreeing with the findings of the Inquiry Officer (IO), had not communicated tentative reasons of disagreement to the Charged Officer (CO). Accordingly, it was advised to remit the case to the DA to conduct the proceedings from the stage of forwarding his tentative disagreement to the CO for making the representation against the same. (b) In second case, it was observed by the Commission that the final order was not required to be issued in the name of the President in that case and therefore, it was accordingly advised that the reference did not lie with the Commission. (c) In third case, the Commission while considering the appeal observed that General Examination of the CO had not been done

in conformity with Rule 14(18) of CCS(CCA) Rules, 1965. Accordingly, it was advised to remit the case to the DA to conduct the proceedings from the stage of conduct of General Examination. (d) In the fourth case, the Commission while considering the appeal observed that the penalty of 'Censure' imposed upon the CO by the DA did not result from a formal inquiry but was based on the Charge Memo, the CO's reply on that, and the evidence on record. Accordingly, it was advised to remit the case to the DA with the advice that the process may be brought in conformity with the requirement of Departmental Inquiry in accordance with the procedure laid down in Rule 14 of CCS(CCA) Rules, 1965.

11. At the beginning of year 2021-22, the Final Orders were awaited from Ministries/ Departments and State Governments in a total of 417 Advice Letters of previous years. During the year 2021-22, Orders were received in 194 cases. Further, out of 535 Advice Letters issued during 2021-22, Orders were received in 204 cases. Thus, a total of 398 orders were received in the Commission during 2021-22.

12. Out of these 398 cases, Orders issued by the Government in a total of 389 cases were in accordance with the advice of the Commission. In nine cases where advice of the Commission were issued during years from 2017-18 to 2020-21, the Orders received during the year 2021-22 from the Government were found to be in disagreement with the advice of the Commission. The details of these cases are given in **Chapter-9**.

CHAPTER - 9

Non-acceptance of the advice of the Commission by the Government in Disciplinary matters

The details of the nine cases in which the orders passed by the Government were not in accordance with the advice of the Commission are given below:

(I)

ACTION UNDER RULE 8 OF ALL INDIA SERVICES (DISCIPLINE AND APPEAL) RULES, 1969, CONTINUED UNDER AIS(DCRB) RULES, 1958 AGAINST AN OFFICER OF INDIAN ADMINISTRATIVE SERVICE

Advice of the Commission was sought by the Ministry of Personnel, Public Grievances and Pensions, Department of Personnel & Training on the major penalty proceedings initiated against an officer of Indian Administrative Service.

2. The Member of Service (MoS) was issued a Charge Memo on April 19, 2010 under Rule 8 of All India Services (Discipline and Appeal) Rules, 1969 on the following Articles of Charges:

(I) *The MoS while working as Additional Collector & Competent Authority, Urban Land Ceiling (A.C.*

& C.A, ULC), Nagpur during the period 22.07.1998 to 6.12.1999, failed to scrutinize properly the applications of institutions for allotment of surplus land and did not ensure submission of requisite information and documents by the applicants before submitting these proposals to Government. Thus he contravened the provisions of Rule 3 of AIS(Conduct) Rules, 1968.

(II) *While dealing with the case of one Bottlers Company in Nagpur, the MoS deliberately omitted to bring to the notice of the Government Pleader in para wise replies in a Writ Petition the fact that the land belonged to Government. Similarly, he failed to incorporate in the affidavit filed in the Hon'ble High Court the fact that valuation of the land was fixed at ₹1000/- per sq. mts. These omissions amount to dereliction of duties and disregard to the Government directives, to give undue benefit to the applicant company. Thus he behaved as unbecoming of Member*

of Service and violated Rule 3(1) of AIS(Conduct) Rules, 1968.

(III) While dealing with distribution of land measuring 3548 Sq. mts. in No. 22 of Mouza Somalwada the MoS ignored the fact that the land was already recommended for allotment to Police Commissioner, Nagpur by the Divisional Committee in a meeting held on 26.09.1995 and still submitted the proposal for allotment of the same land to Shramik Patrakar Sangha before the Divisional Committee on 27.10.1998. Thus he behaved as unbecoming of Member of Service and thereby violated Rule 3(1) of the AIS(Conduct) Rules, 1968.

(IV) The MoS submitted the proposal to Divisional Committee for grant of land of village Somalwada from Sr. No. 5/7 admeasuring about 94.05 sq. mts to a Multipurpose Society for Utility Store, though there is no provision in the Act for grant of land to Utility Store. Thus he did not maintain absolute integrity and thereby violated Rule 3(1) of AIS (Conduct) Rules, 1968.

(V) The MoS, the then A.C. & C.A, ULC, Nagpur and earlier President of one Mulki Sewa Association while dealing with the case of aforesaid Association for grant of land, by ignoring the fact that the Government had already allotted the land for a specific purpose, unilaterally on his own sought to change the purpose of allotment by informing the Collector. While dealing with the application of Maharashtra Rajya Vidyut

Karmachari Sanghatana, Nagpur for grant of land, he modified or allowed to modify the said application with a view to give wrongful gain and benefit to the said Sanghatana. Further he submitted the proposal to the Divisional Committee without examining it by conducting proper scrutiny. Thus he misused the powers vested in him and behaved as unbecoming of Member of Service by violating Rule 3(1) of AIS (Conduct) Rules, 1968.

(VI) The MoS submitted the proposals of three other Societies for grant of land directly to Government without examining them by conducting proper scrutiny and without any authority. Thus he behaved in a manner unbecoming of Member of Service by violating Rule 3(1) of AIS (Conduct) Rules, 1968.

(VII) The MoS directed to deliver advance possession of land to Sikh Education Society, Nagpur without obtaining the valuation of land and without following Government Rules. Thus he behaved in a manner unbecoming of Member of Service by violating Rule 3(1) of AIS (Conduct) Rules, 1968.

3. On denial of the Charges by the MoS, the State Government remitted the case to departmental inquiry. There were 7 Articles of Charge against the MoS and the Inquiry Officer further split up the Articles viz., Article 1 to eight parts i.e. 1(1) to 1(8), Article 5 to two parts 5(a) and 5(b), Article 6 to three parts 6(a), 6(b) and 6(c) in accordance with the

statement of Imputations. The IO held Articles 1(5), 1(8), 5(b) and 7 as proved and 1(6) and 6(b) as partly proved. Rest of the charges were held as not proved. The State Government disagreed with the Inquiry Report and held Article 7 as not proved. The copy of inquiry report along with the Disagreement memo of the DA with inquiry findings was furnished to the MoS for his representation. After considering the representations of the MoS, the State Government referred case to the Government of India/DoP&T in accordance with AIS(DCRB) Rules, 1958, as the MoS had retired from service by that time (on February 29, 2012). The DoP&T referred the case to the Commission in January, 2018 seeking advice on the quantum of penalty to be imposed on the MoS.

4. During the examination of the case, the Commission observed that while the Inquiry Officer had proved certain Charges fully as well as partially on the same premise, his concluding remarks were not commented upon by the DA. On the Commission's request to furnish DA's comments on the said remarks, the DA/ DoP&T furnished their comments that, "...the inquiry was conducted in a judicious manner and within the precept of providing natural justice to the delinquent officer. The State Government as well as the DA factored the observations of the IO regarding culpability of the Housing Department and Cabinet Sub-Committee; the decision of the DA to accept the findings of the IO in respect of all Charges except one Article, have been on the basis of the available records and conclusion during the course of inquiry

which was meticulously undertaken by the Government of Maharashtra and there is no requirement to seek comments of the DA on the role of other stakeholder". The said views of the DA were received in the Commission on January 30, 2018.

5. On detailed analysis of the entire case, the Commission observed that the Articles 1(5), 1(6) and 1(8) of the Charges framed against the MoS pertained to not conducting thorough inquiry/scrutiny about the financial status of the various applicants while considering their applications for allotment of land for various purposes. In this regard, the Commission observed that in fact, the decision of the MoS in all the situations seemed to be driven by his good intent for trying to find a way, in a legal manner, for supporting the good cause for which the applicants were requesting for a piece of land. The decision of the MoS was found to be based upon Government Resolution which was operational and applicable at the time when the MoS took recourse to it and decided to limit the demand of the applicant Mandal below the prescribed limit of 5000 Sq. Mtrs. as provided for in the Government Resolution. The Commission observed that in view of the above it appears that the MoS did try to consider the financial status of the applicant Mandal and also tried to make the project proposed by the applicant Mandal viable by reducing its scope through allotment of a smaller plot of land, which was much smaller in sizes than originally demanded by the applicant.

5.1 On a careful perusal of the Minutes of the Divisional Committee meeting

held on May 12, 1999, it was revealed that the Resolution No. 6 concerning the recommendation for allotment of land to the applicants stated that the financial status of the applicant be taken into consideration. In the said Minutes the word used was Vicharana (in Marathi) which means to enquire, or to take into consideration. The Minutes did not recommend scrutiny of financial status of the applicant. Had the Divisional Committee meant the conduct of scrutiny of financial status, the word in Marathi, which it would have used in the Minutes would have been Samiksha/ Tapashani/ Parineriksharan. Therefore, it appeared that the MoS attempted not only due inquiry and consideration of the financial status of the applicant before placing the proposal to the Divisional Committee, rather he also attempted to make the project viable under rules in good faith. The Commission observed that if it was not so, then it would have become difficult to appreciate as to how the Divisional Committee headed by the Commissioner of Nagpur Division as Chairman, with other Collector level Members could have recommended the allotment of land to the applicant.

5.2 The Commission noted that the fact that the Government of Maharashtra processed the proposal of the applicants as sent by the MoS, and processed it after due diligence, and approved the allocation of land to the applicant was sufficient to believe that the Government found the proposals of MoS complete in all respects. In another case, it was alleged that after the applicant revised its original proposal and downsized its proposed project, the

MoS did not do adequate scrutiny and he did not refer the proposal to the Education Department for its remarks, given that the project was for the establishment of primary and secondary schools and hostels. The Commission observed that if, after having diligently considered the original proposal of land, as requested by the applicant, the Divisional Committee while turning it down, recommended for forwarding the proposal of the applicant if it applies for an alternative piece of land, which is much smaller than the original request, then it was reasonable to believe that the Divisional Committee was actually satisfied with the proposal as originally presented to it. Having satisfied itself with the viability of the project, the Divisional Committee recommended for forwarding of the proposal of the applicant Association to the Government, if the applicant applies for an alternate piece of land. The Commission, in view of the above, observed that the charge that the MoS did not do adequate scrutiny of the proposal in terms of its financial viability did not stand to be proved.

5.3 The Commission observed that the procedure of grant of Government land was governed by a separate Government Resolution concerning Urban Land Ceiling and Land Grant Rules. Also, there was a prescribed proforma in which the proposals requesting for the grant of Government land are to be submitted. Neither in this GR dated 01.10.1985 nor in the prescribed proforma for proposals requesting for the grant of the Government land, was there any mention about obtaining remarks of the Education Department for projects proposing the establishment of schools.

Thus, in view of this GR, the prescribed proforma and the procedures, if the MoS did not seek remarks of the Education Department, his act was in order. The fact that the Government of Maharashtra approved the proposal as forwarded by the MOS was sufficient to believe that the Government having been done due scrutiny with all scrupulousness before granting approval and allotment of land to the applicant Association, found the proposal not only complete but also viable. Since the proposal was not returned for want of remarks by the Education Department, this fact was a sufficient indication that such remarks by the Education Department were not required under rules or under established procedure.

5.4 Under Article 5(b) of the Charge, it was alleged that in the case of Maharashtra Rajya Vidyut Karmachari Sanghatana, in spite of a note signed by the MoS for spot inspection of the land which was applied for by the Sanghatana, the MoS vide his note April 20, 1999, suggested for placing the proposal of the Sanghatana for consideration of the Divisional Committee in its forthcoming meeting. The proposal which was subsequently presented before the Committee in its meeting held on May 12, 1999 was found to have a correction carried out by hand in the original application of the Sanghatana. In this regard, the Commission observed that it would have been certainly better if instead of allowing handwritten correction of the name of the village in the original application of the applicant, the MoS had asked the applicant Sanghatana to submit a fresh application and proposal. In such

a case, the possibility could not be denied that the applicant, which in this case appear to be an organisation of Government Employees and not a professional NGO, may find that the land it applied for in the revised application got proposed for allotment to another institution, merely because of the time which it took in submitting a fresh application. Since the Divisional Committee recommended the forwarding of the proposal of the applicant for consideration by the Government of Maharashtra, and the Government subsequently approved the proposal, it was sufficient indication that in spite of a hand written correction in the name of the village, the application and the proposal were found to be in order. The Commission, on the basis of above observations, held this Article as not proved.

5.5. With regard to Article 6(b), the Commission observed that the said case was the same as the Charges levelled against the MoS in the Article 1(6). The Commission observed that the case of disciplinary proceedings against the MoS appeared to have its origin in the report presented by 'One-Man Commission'. The entire report of the 'One-Man Commission' was however not available on record. Having made detailed study of all the relevant documents of the case, the Commission noted that the repeated requests of the MoS to provide him documents were not acceded to by the Government of Maharashtra. Only some of the documents were made available. It was observed that more serious charges were held as not proved and those which were held proved or partially proved revealed that except for pure technicalities, the

facts on records were either insufficient, or were simply not there to prove any of the Charges conclusively. Further, it was on record that the DA had commended the actions of the MoS stating that because of the advance decision and action of the MoS the land was saved from encroachment and wrongful occupation by miscreants, hence the cost of land could be recovered and that this was an honest decision in the interest of the Government. It was also noted that there was no malafide intention on the part of the MoS, neither had there been any evidence on record to suggest the possibility of any illegal gratification desired, demanded or accepted by the MoS. Finally, it was also noted that in all the charges whether proved or partially proved, it was the concerned Department of the Government of Maharashtra and finally the Cabinet Sub-Committee, which scrutinised, approved and recommended the allotment of land to the respective applicants, whose applications and proposals were forwarded by the MoS. It was reasonable to believe that the concerned Department must have done all the necessary scrutiny with due diligence before putting up the proposals for the consideration of the Cabinet Sub-Committee which finally approved and recommended the allotment. Since in none of the cases, in which the charges were levelled against the MoS, the Government had returned the proposals for want of either additional information or procedural lapses, it was logical to believe that the proposals were in accordance with the established procedures, extant rules and therefore, in order. Further, the Commission observed that the profile of the MoS outlining his

postings and contributions revealed that he had an outstanding track record while implementing the Government's programs in various fields in which he had worked with.

6. In view of their observations, the Commission observed that the charges levelled against the MoS were based on inferences, insufficient evidence and/or on technical grounds and therefore could not be held as proved. The Commission concluded that the proceedings against the MoS be dropped and he be exonerated. Advice of the Commission was communicated to the DA on March 20, 2018.

7. On June 11, 2021 the Department of Personnel and Training issued the final Order in this case imposing the penalty of reduction in monthly pension by 10% for a period of two years on the MoS, in disagreement with the advice of the Commission. It was observed from the Order that a copy of the Commission's advice was forwarded to the MoS by the State Government for his representation, if any. The representation of the MoS along with the comments of the State Government were forwarded to the DoP&T with the recommendation of a suitable pension cut on the MoS. The Competent Authority in DoP&T agreed with the views of the State Government and disagreed with UPSC on the following grounds:

- i. With regard to Article of charge 1(5), UPSC found the charges not proved as MoS had attempted to explain the considerations on which he based his decision for directing his office for preparing the proposal for

allotment of 4046 sq. mts. of land which was different from the applied size of land by the Sewa Mandal. However, this Department is of the opinion that the reason of MoS recommending for a lesser size of land for which he has no authority as per the State Government, was that he himself was not convinced about the capacity of the Mandal for mobilizing requisite financial resources.

- ii. With regard to Article of Charge 1(8), UPSC found Article 1(8) regarding allotment of land by the MoS to Indo-Japan Buddhist Friends Association not proved, as there was no mention, either in GR dated 01.10.1985 or in the prescribed proforma in which the proposal requesting for grant of Government land were to be submitted, about obtaining remarks of the Education Department for a project proposing establishment of schools. Thus, UPSC held that the act of the MoS for not seeking remarks of the Divisional Committee was in order. This stand of the UPSC was disagreed to because it is mentioned in para 4 of GR dated 01.10.1985 that wherever the land is demanded for education/allied Institutes, it must be clarified whether NoC has been obtained from the appropriate authority or not. As the Society had demanded land for construction of primary schools, pre-primary schools and secondary schools and hostel for girls/boys, NoC from Education Department was a

necessary precondition, which was not sought by the MoS.

- iii. With regard to Article of charge 5(b), regarding allowing modification in the application of Rajya Vidyut Karmachari Sanghatana by the MoS to wrongful gain and benefit, UPSC had found it not proved on the basis that the Divisional Committee actually considered the application of the applicant organization with hand written corrections, which was an indication that it possibly did not find it worth rejecting. Further, the Committee in fact recommended the application of the applicant organization to Government of Maharashtra. However, this stand of UPSC was disagreed to because it is a common office procedure that there should have been initials on every correction made in the application to rule out any mala fide intentions.

8. It was further observed from the final Order that in accordance with the DoP&T OM No. 39023/02/2006-Esstt(B) dated December 5, 2006/ March 2, 2016, the matter was placed before the Committee of Secretaries (CoS) for resolving the disagreement with UPSC advice. The CoS concurred with the views of the DA and accordingly, the DA issued the penalty order, in disagreement with the Commission's advice.

9. On perusal of the penalty Order, it was observed that while considering the issue of disagreement of DA with UPSC advice in the meeting held on October 18, 2019 under the Chairmanship of Cabinet

Secretary, the CoS had commented that the 'advice of UPSC was statutorily required only on the quantum of punishment, whereas UPSC has commented on the findings of the Inquiring Authority and also on the tentative views of the Disciplinary Authority'. The CoS had further stated that there were no new facts available on record and the views of the State Government and DoP&T appeared to be reasonable and hence they concurred with the recommendations and proposed punishment of DoP&T.

9.1 In this regard, it was seen that the comments of the CoS on the advice of the Commission as stated above seemed to have been made without appreciating that advice of UPSC on the quantum of punishment is based on various factors including evidence on record, Charged Officer's representation, Inquiry Officer's findings, tentative views of the DA etc. This has been aptly explained in the Hon'ble Supreme Court judgement dated September 20, 1957 in the case of State of U.P. vs Manbodhan Lal Srivastava, as given below:

"....consultation with the Commission on all disciplinary matters affecting a public servant has been specifically provided for, in order, first to give an assurance to the Services that a wholly independent body, not directly concerned with the making of orders adversely affecting public servants, has considered the action proposed to be taken against a particular public servant, with an open mind; and secondly, to afford the Government unbiased advice and opinion on matters vitally affecting the morale of public services...."

9.2 In this case also, the Commission had assessed the case independently with an open mind and informed the Commission's considered advice to the DA, which was not only limited to the quantum of penalty, but also to highlight the factors taken into account by the Commission in arriving at a specific advice in the facts and circumstances of the case. Hence, the comments of the CoS in the Order were not justified.

10. As the Order passed by the Government was not in accordance with the Advice of the Commission, this case has been treated as a case of non-acceptance of the Commission's Advice.

(II)

ACTION UNDER RULE 14 OF CCS (CCA) RULES, 1965 CONTINUED UNDER RULE 9 OF CCS (PENSION) RULES, 1972 AGAINST A SUPERINTENDENT, DEPARTMENT OF REVENUE

Advice of the Commission was sought by the Ministry of Finance in May, 2018 on the disciplinary proceedings initiated against a Superintendent of Central Excise in the Department of Revenue.

2. The CO was proceeded against under Rule 14 of CCS(CCA) Rules, 1965 vide major penalty Charge Sheet dated March 5, 2010 on the following Articles of Charge:

(I) *The CO while performing his duties in the month of February, 2007 as Superintendent in charge of Panaji Minor Port, along with a Preventive Officer (then Inspector of*

Central Excise) attended to arrival/ departure formalities of vessel 'M.V. Iran Ashrafi' besides examination and supervision of loading of export cargo viz. Indian Ore ROM (Run-of Mines) meant for the vessel 'M.V. Iran Ashrafi'. The vessel arrived at Panaji Minor Port on 01.03.2007 at 00.42 hours. All arrival documents pertaining to the said vessel were submitted to the Customs authorities along with the Application for 'Entry Inwards' dated nil duly signed by the Master of the Vessel requesting for Entry Inwards on 01.03. 2007. Accordingly the CO in charge of Panaji Minor Port granted Entry Inwards on 02.03.2007 as per the endorsement made by him on the application for 'Entry Inwards'.

Investigations revealed that the CO endorsed the Application for Entry Inwards as having granted to the vessel on 01.03.2007 without completing the arrival formalities. It was also revealed that the CO along with the Inspector of Central Excise boarded the vessel on 02.03.2007 and after completing the boarding formalities, made an entry dated 02.03.2007 to the effect that Entry Inwards was granted to the vessel on 01.03.2007 on the Register of Entry Inwards of Vessels maintained by Customs authorities at Panaji Minor Port and Deck Cargo Certificate on Import was granted on 02.03.2007.

The CO being in charge of Panaji Minor Port having been appointed as the 'Proper Officer' vide notification dated 13.09.1996 failed to carry out

boarding formalities of the vessel on its arrival on 01.03.2007. This is evident from the signatures on the application for Entry Inwards and from the entries in the Register that the boarding formalities were completed on 02.03.2007.

He, thus, by not performing the arrival formalities on the vessel on its arrival on 01.03.2007 in contravention to Section 30 of Customs Act, 1952 appears to have exhibited gross dereliction of duties and failed to maintain devotion to duty.

(II) On 28.02.2007, the Customs House agent on behalf of a Private Limited Company at Goa presented two shipping bills for export of cargo viz. 25000 MT and 17000 MT respectively of 'Indian Iron Ore ROM (Run of Mines)' meant for export on the vessel which had arrived the Panaji Minor Port on 01.03.2007. The said shipping bills were presented to the CO between 4 pm to 5 pm on 28.02.2007. The CO, after registering the SBs under Shipping Bill numbers both dated 28.02.2007 granted Entry Outwards to the vessel. Investigations revealed that the Vessel arrived at 00.42 hours at the Port on 01.03.2007; Notice of Readiness was accepted at 14.10 hours on 01.03.2007; Vessel's Initial Draft Survey was carried out from 9.45 hours to 10.45 hours and loading of Iron Ore commenced at 14.12 hours on 01.03.2007. The CO granted Entry Outwards on 28.02.2007 without completing the arrival formalities of the vessel and

made an order permitting clearance and loading of the goods on the vessel. The records further indicate that the boarding formalities were completed on 02.03.2007 and Deck Cargo certificate of Import was granted on 02.03.2007.

The CO, by granting Entry Outwards to the vessel without completion of arrival formalities appears to have exhibited gross dereliction of duties and thus failed to maintain devotion to duty.

(III) *On 28.02.2007, the Customs House agent on behalf of a Private Limited Company presented two shipping bills for export of cargo of 'Indian Iron Ore ROM' meant for export on the vessel which had arrived the Panaji Minor Port on 01.03.2007. The said shipping bills were presented to the CO between 4 pm to 5 pm on 28.02.2007 with the required documents and Demand Drafts along with TR 6 challans for intended payment of cess of ₹25,000/- and ₹17,000/-. The CO after registering the Shipping Bills both dated 28.02.2007 made the following endorsements:*

- a. Allowed for shipment in full dated 28.02.2007.*
- b. Passed for shipment dated 28.02.2007.*
- c. Let Export under preventive supervision dated 28.02.2007 and*
- d. Examination Report dated 28.02.2007 as follows:*

"Inspected the lot, checked the description. Quantity actually loaded will be determined on the basis of Draught Survey Report".

Investigations revealed that the vessel arrived at 00.42 hours at the Port on 01.03.2007; Notice of readiness was accepted at 14.10 hours on 01.03.2007; Vessel's Initial Draft survey was carried out from 9.45 hours to 10.45 hours on 01.03.2007 and the loading of Iron ore commenced at 14.15 hours on 01.03.2007. Further investigations revealed that the CO made an order permitting clearance and loading of the goods under Section 51 of Customs Act 1962, without inspection/examination of cargo, without verifying whether export cargo was ready for examination and subsequent loading; without verifying whether the export cess of ₹25,000/- and ₹17,000/- was paid by the exporter before passing the Order for shipment; without drawing the representative samples of export goods; without verifying the contract between the buyer and the seller, without confirming whether the initial Draught Survey of the vessel was carried out and without confirming the time of Readiness of the vessel. Investigations also revealed that the Budget of 2007, wherein the export duty @₹30/- per MT was imposed on the export of iron ore, was announced in the forenoon of 28.02.2007.

The CO granted Entry outwards on 28.02.2007 without complying

with the arrival formalities of the vessel and further made an order permitting clearance and loading of the goods, under preventive supervision for exportation under section of the Customs Act 1962 on 28.02.2007 without verifying the arrival of the vessel especially in view of the budgetary changes. The CO, by giving order permitting clearance and loading of the goods in the vessel without observing the rules, without implementing proper customs procedure, without verifying whether the cargo was assessed for payment of customs duty in view of the Budgetary changes, appears to have colluded with the exporter in evading payment of customs duty to the tune of ₹1.26 crore. The CO, being the assessing officer, permitted the exporter through the CHA (Customs House Agent) to make delayed payment of appropriate customs duty on 09.03.2007, thus failing to collect the interest on the delayed payment. By his above acts, he failed to maintain absolute integrity, devotion to duty and acted in a manner unbecoming of Government Servant.

(IV) *Investigations also revealed that the CO endorsed the Examination report dated 28.02.2007 without the arrival of the export cargo and without actually examining the cargo on 28.02.2007. This is evident from the investigations that the export cargo meant to be presented before the officer for inspection and examination before the actual export*

was bought by the barge namely SHAKTI with the export cargo of “Indian Iron Ore ROM” for loading on vessel. This was the first barge with export cargo which left Sirsaim jetty (loading point of iron ore) at 13.45 hours on 28.02.2007 and arrived at 11.00 hours on 01.03.2007 at Panaji Minor port. The loading of the Ore commenced at 14.15 hours on 01.03.2007. The CO did not examine the cargo but made false endorsements on the Examination Report on the reverse of the SBs both dated 28.02.2007 that the cargo was inspected and examined on 28.02.2007. He also permitted clearance and loading of the goods under Preventive supervision on the same day. These endorsements were made by the CO between 4 to 5 pm on 28.02.2007. The CO was well aware of the budgetary changes which were presented in the forenoon of 28.02.2007. However, he granted LEO (Let Export Order) defying all the instructions issued by the Commissioner of Customs, Goa which were to be observed on the eve of the Budget. The CO in his statement had inter alia admitted that he had not seen the cargo at the time of writing the Examination Report. Investigations also revealed that no special care was taken by the CO to verify as to how many vessels were in the port/how many vessels had commenced loading of iron ore and at what time/and whether all the vessels for which he had given orders for shipment had arrived in the Port or not. The CO appears to have

willfully and knowingly colluded with the exporters/associates with the intention of evading payment of Customs Duty to the tune of ₹1.26 crore.

(V) *The Export Cess amounting to ₹25,000/- and 17,000/- @ ₹1/- per metric ton was credited in Government account on 01.04.2007. This TR 6 challan dated 28.02.2007 was accepted by the CO at the time of filing SB at around 4 to 5 pm after announcement of the Budget, which would be effective from 01.03.2007. The CO granted Entry Outwards on 28.02.2007 without completing the arrival formalities of the vessel and made an order permitting clearance and loading of the goods without inspection/ examination of cargo and without certifying whether the export cargo was ready for examination. The SB was assessed by the CO on 28.02.2007 and the TR 6 challan was accepted between 4 to 5 pm. The CO permitted clearance of the export cargo before the export cess was credited to the Government treasury. Thus, he contravened the provisions of Section 51 of Customs Act, 1962. This appears to be a deliberate attempt to avoid the implementation of the new budgetary changes. This act attributes misconduct and dereliction of duty on the part of the officer.*

(VI) *Another private Limited Company though their CHA submitted a Demand Draft dated 05.06.2007 for ₹10,350/- towards supervision of loading fees and the same was*

accepted by the CO. However, the time of supervision was not mentioned in the Challan by the CO for recovery of MOT (Merchant Overtime Charges) fees. This act attributes misconduct and lack of devotion to duty on the part of the officer.

(VII) *The Office Order No. 05/2007-Customs dated 23.02.2007 and No. 01/2007-Central Excise dated 23.02.2007 were issued by the Commissioner of Customs and Central Excise, Panaji, Goa in connection with the Budget 2007. The CO had full knowledge of the Budgetary changes on 28.02.2007. The CO failed to take cognizance of the instructions issued by the Commissionerate and failed to examine the implications of the budgetary changes on 28.02.2007. This conduct on the part of the aforesaid officer appears that there was a fraudulent intention of abetting the exporter to evade payment of Export Duty. The aforesaid action on the part of the CO attributes gross dereliction of duties, failure to maintain absolute integrity and an act unbecoming of Government Servant.*

Thus the CO acted in a manner unbecoming of a Government Servant and has failed to ensure absolute integrity and devotion to duty thereby contravening the provisions of Rule 3(1)(i), (ii) and (iii) of CCS(Conduct) Rules, 1964.

3. *Consequent to the denial of the Charges by the CO, the Disciplinary*

Authority remitted the case for oral inquiry. The Inquiry Officer held the Articles I to VII as not proved. The Disciplinary Authority tentatively disagreed with the inquiry findings and held the Articles III, IV, V, VI and VII as proved. A copy of the inquiry report along with DA's disagreement note was forwarded to the CO for his representation, if any. The CO submitted his representation against the inquiry report and the DA, after considering the same and all other relevant records/aspects of the case, observed that the proven misconduct on the part of the CO was grave enough warranting imposition of a penalty of cut in pension under CCS(Pension) Rules, 1972 and referred the case to the Commission for its advice in May, 2018.

4. The Commission, on detailed analysis of the case observed that Article I and II of the Charges were not found proved by the IO and DA agreed with the IO. Hence, these Articles were not examined by the Commission.

5. The Commission observed that Article-III of the Charge was that the CO issued an order permitting clearance and loading of the goods on the vessel u/s 51 of the Customs Act, 1962 without implementing proper customs procedures, without verifying whether the cargo was assessed for payment of Customs Duty in light of the budgetary changes, and thus appeared to have colluded with the exporter/ associates with the intention of their evading the payment of customs duty of ₹1.26 crore. The Commission observed that the CO's contentions were that there was no place for stacking of iron ore for export and therefore the iron ore

could not be examined before assessment of Shipping Bill; barges carrying iron ore from mine heads could not move without a shipping bill number in terms of Section 35 of the Customs Act, 1962. Therefore, officers are left with no choice but to register and assess the SBs without prior examination of the cargo and it had become a practice at Panaji Minor Port to give the examination report even though the export cargo was not available for examination. These contentions were concurred in by the Inspector with him also, stating that considering the infrastructure difficulties for examination of bulk cargo at the Port and practice being followed at the port there appeared to be no mala fide intention on the CO's part in this context. The IO had held this Article as not proved, but the DA had disagreed with the IO. The Commission observed that as per Section 17 of the Customs Act, 1962, the availability of cargo or examination of the cargo was not a pre-requisite for making assessment of Duty. In this case the assessment was done without availability of the cargo in the Port area and duty in force on February 28, 2007 was collected correctly. As such there was no violation of Section 17 of Customs Act, 1962. On the aspect of the exporter evading payment of customs duty of ₹1.26 crore and the Charge of the CO having colluded with the exporter/associates, the IO had stated that while there were procedural lapses, the charge of collusion and failure to collect interest in the delayed payment could not be attributed to the CO. The Commission observed that the disagreement of the DA with these findings did not appear to be tenable. The Commission held this Article not proved.

5.1 As regards Article-IV, the Commission observed that the Charge against the CO was that he endorsed the examination report dated February 28, 2007 without actually examining the cargo on that day and granted the LEO defying the instructions issued by the Commissioner, Goa which were to be observed on the eve of the Budget. By doing so, it was alleged that, the CO willfully and knowingly colluded with the exporter/ associates with their intention of evading payment of Customs duty of ₹1.26 crore. The Commission observed that as the budget day instructions had already been issued by the Commissioner, the CO was required to be more cautious while issuing the LEO and there was procedural lapse on his part. After analyzing the defence of the CO against this Article of Charge, the Commission observed that Section 51 of Customs Act, 1962 prescribes the guidelines for clearance of goods for exportation which stipulate that “where the proper officer is satisfied that any goods entered for export are not prohibited goods and the exporter has paid the duty, if any, assessed thereon and any charges payable under this Act in respect of the same, the proper officer may take an order permitting clearance and loading of the goods for exportation”. The Commission observed from the records that the exporter had produced two SBs dated February 28, 2007 for the export cargo and the CO had made endorsements on these two SBs by which the shipment in full was allowed and LEO was issued, stating that the “lot was inspected, checked the description, quantity actually loaded will be determined on the basis of Draught Survey Report”. The Commission observed that Section 16

of the Customs Act, 1962 prescribes the guidelines for date for determination of rate of duty and tariff valuation of export goods. From the Administrative Ministry records, it was seen that M/s Hiralal and Co., vide letter dated February 26, 2007 submitted an application on behalf of the exporter seeking entry on March 01, 2007 with expected time of arrival of the vessel carrying iron ore for export and the same was permitted by the CO on February 27, 2007 on the original letter. The vessel arrived at the Panaji Port on March 01, 2007 and therefore it was clear from the above endorsement that the CO was not in a position to verify on February 28, 2007 whether the export duty was paid by the exporter before he passed the order for shipment. In this case the cargo i.e. iron ore was not a prohibited item. The CO had given LEO on February 28, 2007 without actual inspection/ examination of the cargo. He gave an examination report, when the exports goods were actually not available for examination and following from that, granted LEO and thus permitted clearance of export cargo. It was seen from the records that on February 28, 2007 the date of assessment the rate of duty was nil and a cess @ ₹1 per metric ton was in force, and the same was paid by the exporter vide SBs dated February 28, 2007 for ₹25,000/- and ₹17,000/- on February 28, 2007, whereas the export duty for iron ore @ ₹300/- per MT was levied vide notification dated March 01, 2007 and the exporter subsequently paid the export duty “under protest” vide DD dated March 09, 2007 for ₹1,26,00,000/- @ ₹300/- per MT, which was later claimed for refund by the exporter and the same was duly allowed by the High Court of Bombay.

The Commission observed that as the payment of duty of the lesser amount was credited on March 01, 2007 the CO could not have been in a position on February 28, 2007 to satisfy himself that the duty assessed had been paid by the exporter. It can also be assumed that the CO would have been aware that budgetary changes affecting the rate of duty would come into effect from March 01, 2007. Therefore, it was seen that the CO acted negligently and gave the LEO without actually examining the goods, and endorsed a false report. The Commission observed that the CO was guilty of lapse which was essentially procedural in nature and held this charge as partially proved.

5.2 Regarding Article of Charge V, the Commission observed that while going through the Charge and the CO's contention thereto the question arose was whether the CO was in a position to satisfy himself on February 28, 2007 that the duty had been paid by the exporter. While it would have been prudent on the CO's part to be more cautious while assessing the duty to be paid by the exporter and ascertaining whether it was credited to the government exchequer or not on February 28, 2007 in view of imminent duty changes, as per the CO, the duty was paid by DD and for this reason it was not necessary to recheck the matter, but it was his responsibility to certify whether the amount had been credited to the Government account while issuing the LEO. The Commission observed that to this extent the Charge of misconduct in the form of negligence on the part of the CO appeared to be borne out through applying the principle of preponderance of

probability. Hence, this Article of Charge was held as proved.

5.3 As regards Article VI, the Commission observed that the IO held this Article not proved, but the DA disagreed with the IO on the ground that as the CO did not supervise the loading of cargo February 28, 2007 why did he accept the payment of duty w.e.f. February 28, 2007. The Commission observed that on examination of the Charge under this Article, the IO report etc. it was seen that this issue was discussed by the DA and the cited proof of misconduct was not actually an allegation contained in the Article VI of the Charge and therefore not accepted. This Article was held as not proved by the Commission.

5.4 Regarding Article VII of the Charge, the Commission, after analyzing the CO's contentions, observed that the order of the Commissioner was in the form of an alert instructing all officials to be present and to be more careful while dealing with cases. In the instant case, the CO failed to be alert and issued the LEO without examining the export cargo. This was not the procedure to be followed when the export goods were not actually available for examination and at that point the CO also passed the order for shipment. Therefore, he acted in a negligent manner and failed to take utmost care while attending to Shipping Bills on the eve of the Budget.

5.5 Thus the Commission summed up their findings that DA had already accepted Articles I and II as not proved, Articles III and VI of the Charges were not proved as set out above, Articles IV and VII of the Charges were proved partially and,

applying the principle of preponderance of probability only Article-V of the Charge was proved fully. The Commission concluded that ends of justice would be met in this case if the penalty of withholding of 10% of the monthly pension otherwise admissible to the CO for a period of one year be imposed on the CO. Advice of the Commission was communicated to the DA on April 16, 2019.

6. On May 6, 2021 the Ministry of Finance issued the final Order in this case imposing the penalty of withholding of 50% of monthly pension otherwise admissible to the CO on permanent basis and further withholding of 50% of gratuity due to him. This order was in disagreement with the advice tendered by the Commission. It was observed from the Order that the DA disagreed with the Commission's findings for the following reasons:

- i. It is the primary duty of the officer giving LEO to ensure that the consignment has been duly inspected or examined by the proper officer, before clearance is allowed. As the vessel supposed to export the goods had not even arrived the Port on 28.02.2007, it was evident that LEO was given by the CO without ensuring due inspection/examination of the goods.
- ii. The export cost cess on the two impugned consignments was paid by the exporter on March 01, 2007 whereas LEO was given by the CO on February 28, 2007. The CO has failed to comply with his basic duty to check that duty assessed as paid by the exporter before allowing clearance and sailing of vessel.

- iii. The CO had nowhere denied the facts on record that the two impugned SBs were presented to him between 4 pm to 5 pm on February 28, 2007 where the budgetary changes were announced in the forenoon of February 28, 2007. The CO, being a revenue officer, should have been well aware of the changes, should have been alert and cautious particularly when the jurisdictional Commissioner had issued specific instructions to be followed by the officers on budget day.
- iv. The only way the exporter could avoid payment of Export Duty announced in the budget in the forenoon of February 28, 2007 was to get the goods cleared for export on February 28, 2007 itself. A superfluous examination report had been given on the Shipping Bills even when the goods have been allowed for export, without even ensuring that the goods are examined and applicable cess had been duly deposited by the exporter. Thus, it was not a case of mere negligence as pointed out by UPSC, but the facts and evidence clearly suggest that this was a deliberate act on the part of the CO in collusion with the exporter to give undue benefit to the exporter and corresponding loss to the Government exchequer.
- v. Even though the export duty as per budgetary changes was subsequently deposited by the exporter, when the issue had come to light the mala fide intent on the part of the CO in allowing clearance

in haste before the arrival of the vessel to carry the goods at the Port cannot be disregarded.

7. It was further observed from the Order that a copy of the Commission's advice was furnished to the CO and his representation was considered by the DA, while deciding the case. Also, for resolving the disagreement with the quantum of penalty advised by UPSC, the matter was referred to the Department of Personnel and Training, in terms of DoP&T OM. No. 39023/02/2006-Estt.(B) dated December 05, 2006/March 02, 2016. The Competent Authority in DoP&T had agreed with the decision of the DA for imposition of withholding of 50% of monthly pension on permanent basis and withholding of 50% of gratuity due to the CO.

8. As the Order passed by the Government was not in accordance with the Advice of the Commission, it has been treated as a case of non-acceptance of the Commission's Advice.

(III)

ACTION UNDER RULE 14 OF CCS (CCA) RULES, 1965 CONTINUED UNDER RULE 9 OF CCS (PENSION) RULES, 1972 AGAINST AN ENFORCEMENT OFFICER, GOVERNMENT OF NATIONAL CAPITAL TERRITORY OF DELHI

Advice of the Commission was sought by the Ministry of Home Affairs in September, 2019 on the disciplinary proceedings initiated against an Enforcement Officer, Transport Department, Government of NCT of Delhi.

2. The Charged Officer (CO) was proceeded against under Rule 14 of CCS(CCA) Rules, 1965 vide major penalty Charge Sheet dated December 27, 2016 on the following Articles of Charges:

- (I) *The CO, while functioning as Enforcement Officer (HQ) in Transport Department, Government of NCT of Delhi during the year 2015-2016, committed gross misconduct in as much as he failed to take action against his subordinates on the complaint relating to corruption and misbehavior.*
- (II) *The CO while working in the above said position, instead of taking action against his subordinates on the aforesaid complaint, tried to pacify the complainant regarding payment of bribe to his subordinates.*
- (III) *The CO failed to exercise proper supervision over the functioning of his subordinates.*
- (IV) *The CO entered into unwarranted conversation with the complainant, a private person.*

By the above acts of omission and commission the CO exhibited lack of absolute integrity and devotion to duty, which is unbecoming of a Government Servant, thereby violating the provisions of Rule 3 of CCS (Conduct) Rules, 1964.

3. Consequent to the denial of the Charges by the CO, the Disciplinary Authority remitted the case for departmental inquiry. In the meantime, the CO retired from Government service

on May 31, 2017 on attaining the age of superannuation and the proceedings were continued under Rule 9 of CCS (Pension) Rules, 1972. The Inquiry Officer in his report held all the Charges as proved. The Disciplinary Authority tentatively agreed with the inquiry findings and forwarded a copy of the Inquiry Report to the CO for his representation, if any. The CO submitted his representation against the inquiry report and the DA, after considering the same and all other relevant records/aspects of the case, came to the tentative conclusion that the Charges leveled against the CO are proved and having regard to the gravity of the Charges proved, imposition of a penalty of cut in pension under CCS (Pension) Rules is warranted. The case was referred to the Commission for their advice on September 11, 2019.

4. The Commission, on detailed analysis of the case, observed that it was alleged that the CO, instead of taking action on the complaint, tried to pacify the complainant regarding payment of bribe to his subordinates and also entered into unwarranted conversation in the office premises with the complainant, who was a private person. There were four Articles of Charges, which were interrelated in that they referred to the CO's failure to take action against his subordinates on the complaint relating to corruption and misbehavior; trying to pacify the complainant regarding payment of bribe to his subordinates; failure to exercise proper supervision over the functioning of his subordinates and entering into unwarranted conversation with the complainant, who was a private person. As such, all the four Articles of Charge

were clubbed together and analyzed by the Commission.

4.1 The Commission observed that the complainant had visited the office of the CO, Enforcement Office (HQ) along with an audio CD, regarding misbehavior and demand and acceptance of bribe by the officials of Enforcement Team No. 18. However, from the Order dated May 19, 2015 which was in supersession of all earlier orders it was quite clear that the teams allotted to the CO were 1 to 10 and another Enforcement Officer was responsible for teams 16 to 25. Thus, it was quite clear that the second Enforcement Officer was responsible for the Team No. 18 and not the CO. The Charge Sheet alleged that the CO did not take action against his subordinates and tried to pacify the complainant regarding payment of bribe to his subordinates and also failed to exercise proper supervision over the functioning of his subordinates. The IO/DA had observed that the CO had the responsibility of deploying teams as the EO (HQ). However, it was required to be pointed out that the responsibility of deploying teams did not confer supervisory authority, which was, as noted above, with the second EO. Hence the question of taking any action by the CO against the subordinates of the second officer does not arise. Further, from the recording in the audio CD, it could be seen that the CO had asked the complainant to come on another day with all the proof, in support of his allegations against the field staff, but the complainant did not turn up.

4.2 The Commission observed that another allegation against the CO was that he entered into unwarranted conversation

with the complainant, a private person. A perusal of transcript of the audio CD revealed that the conversation of the CO and the EO (HQ) covered various issues such as caste, village and background of the complainant and other officers covered in the conversation, which were not directly related to the complaint. To that extent, there was some force in the allegation that the CO had entered into unwarranted conversation with the complainant, who was a private person. However, this type of conversation did not arise to the level of a grave misconduct warranting cut in pension.

4.3 In view of their observations the Commission concluded that the Charges leveled against the CO were not proved and hence, the disciplinary proceedings against the CO be dropped and he be exonerated. Advice of the Commission was communicated to the DA on February 28, 2019.

4.4 A copy of the advice of the Commission was forwarded to the CO by the Administrative Ministry on April 27, 2020 along with the tentative reasons for disagreement with the Commission's advice, for his representation, if any. After considering the representation submitted by the CO, the Administrative Ministry issued Order on August 10, 2021 imposing the penalty of withholding of 20% of monthly pension otherwise admissible to the CO for a period of five years. This Order was in disagreement with the advice tendered by the Commission.

5. On perusal of the final Order dated August 10, 2021, it was observed that the DA disagreed with the Commission's

findings on the following grounds:

- (i) The CO was also functioning as Enforcement Officer (HQ) and from the transcript of his conversation with the complainant, it appeared that the concerned team on which allegations of corruption were made by the complainant, was under CO's jurisdiction also. The CO had also not denied that the voice in the transcript was his.
- (ii) The UPSC had also observed that the CO entered into unwarranted conversation with the complainant. However, this type of conversation had not been considered to be grave misconduct warranting cut in pension by UPSC. In this regard, the advice of the UPSC was disagreed on the ground that entering into unwarranted conversation with the complainant is a grave misconduct.

6. It was further observed from the Order that when the case was referred to the Department of Personnel and Training for resolving the disagreement with UPSC advice, in terms of DoP&T OM. No. 39023/02/2006-Estt.(B) dated December 05, 2006/ March 02, 2016, the Competent Authority in DoP&T agreed with the decision of the DA to impose a cut in pension on the CO. Accordingly the DA issued the penalty Order dated August 10, 2021.

7. As the Order passed by the Government was not in accordance with the Advice of the Commission, it has been treated as a case of non-acceptance of the Commission's Advice.

(IV)

ACTION UNDER RULE 14 OF CCS (CCA) RULES, 1965 CONTINUED UNDER RULE 9 OF CCS (PENSION) RULES, 1972 AGAINST AN APPRAISER, CENTRAL BOARD OF INDIRECT TAXES AND CUSTOMS, DEPARTMENT OF REVENUE

Advice of the Commission was sought by the Ministry of Finance in May, 2018 on the disciplinary proceedings initiated against an Appraiser in the Central Board of Indirect Taxes and Customs.

2. The Charged Officer (CO) was proceeded against under Rule 14 of CCS (CCA) Rules, 1965 vide the major penalty Charge Sheet dated November 29, 2006 on the following Articles of Charge:

(I) *While working as Shed Appraiser in Air Cargo Complex, during the period of June 2004 to April, 2005 he failed to verify the mis-declaration of destination, mis-description of goods exported, mis-declaration of quality and value of exports made by sixteen unscrupulous exporters through 131 Shipping Bills. He failed in his duties and deliberately not exercised necessary checks on the said Shipping Bills thereby facilitated the fraudulent exporters to enjoy ineligible drawback amounting to ₹1,09,96,473/- By the above acts the CO failed to maintain absolute integrity, devotion to duty and acted in a manner unbecoming of a Government Servant.*

(II) *The CO failed to scrutinize and detect the split up consignments by*

the said 16 fraudulent exporters and thereby colluded with them in avoiding higher percentage of examination of the export cargo despite the system alert. He failed to follow the departmental instructions and procedures as detailed in the "Handbook for Customs Officers" Chapter 5 (Pages 39-42) published by the Directorate General of Systems, New Delhi. By this acts of omission and commission the CO committed the misconduct of gross negligence and thereby he failed to maintain devotion to duty and acted in a manner unbecoming of a Government Servant.

(III) *He failed in his supervisory duties in as much as he did not instruct the Examiners in the examination of export goods, as selected by the computer system and failed to instruct his subordinates to carry out examinations in the case of split up bills by ignoring alert instructions given by the computer system in contravention of the para 2.3 of Board's circular No. 06/02 dated 23.1.2002. By doing so, the CO had acted negligently with a view to collude with the fraudulent exporters to claim unintended drawback amount, causing huge loss to the Government and thereby he failed to maintain devotion to duty and acted in a manner unbecoming of a Government Servant.*

Thus the CO violated Rule 3 (1)(i) (ii) (iii) and Rule 3(2)(i) of CCS(Conduct) Rules, 1964.

3. Consequent to denial of the Charge by the CO the Department remitted the case to regular inquiry. The Inquiry Officer in his report held all the three Articles of Charge as 'Not Proved' in the absence of positive evidence and tangible and proper material evidences. The DA agreed with the Inquiry Officer in respect of Article I and disagreed with in respect of Articles II and III, holding that the IO had not appreciated the evidence properly. The inquiry Report and a copy of the Disagreement Memo were forwarded to the CO for his representation, if any. The CO submitted his representation to the Inquiry Report/ Disagreement Memo. In the meantime, the CO retired on superannuation on June 30, 2015 and the disciplinary proceedings were continued under Rule 9 of CCS (Pension) Rules, 1972. After considering the representation and all other relevant aspects of the case, the DA held the Articles II and III as proved and decided tentatively to impose a suitable penalty under the CCS (Pension) Rules, 1972. The case was, thereafter, referred to the Commission for advice in May, 2018.

4. The Commission noted that Article-I of the Charge against the CO was held as not proved by the Inquiry Officer and the DA agreed with the inquiry report. Hence this Article was not discussed by the Commission.

5. As regards the Article-II of the Charge, the Commission observed that the charge deals with the failure of the CO to scrutinize and detect the splitting of consignments by 16 fraudulent exporters and thereby colluding with them in avoiding a higher percentage of examination of export cargo despite the

system alert. It has also been alleged that the CO failed to follow the departmental instructions and procedures as detailed in the Handbook of Customs Officers, published by the Directorate General of Systems, New Delhi thereby committing gross negligence and failing to maintain devotion to duty and acting in a manner unbecoming of a Government Servant. The Commission noted that in terms of the element of the Charge relating to the CO failing to adhere to proper procedures as per Public Notice No. 51/21997 dated November 27, 1997, it was seen that the process of inspection proceeds thus: the basic function of the Examining officer is to inspect/examine the shipment as per the instructions, if any, and enter a report in the system; a written examination report is not needed. The examiner will then mark the Electronic Shipping Bill along with all original documents, to the Appraiser of the Export Shed and if the Appraiser is satisfied that the particulars entered in the system conform to the description given in the original documents and physical examination, he will proceed to give "Let Export Order" for the shipment and inform the Exporter or his CHA(Customs House Agent). The checklist and the declaration along with all original documents will be retained by the Appraiser. In case of any variation between the declaration in the Shipping Bill and physical documents/examination report, the Appraiser of the Shed will mark the Electronic Shipping Bill to the Assistant Commissioner. In case the Exporter agrees with the views of the Department, the Shipping Bill would be processed accordingly. Where, however, the Exporter disputes the views of the Department, principles of natural

justice would need to be followed before finalizing the issue.

5.1 The Commission further observed that as per para 2.3 of CBEC's Circular No. 6/2002 dated January 23, 2002, it was to be ensured that exporters do not split consignments so as to fall within lower examination norms. Therefore, whenever on the same day, the same exporter attempts to export a consignment (other than free Shipping Bills) involving an export incentive of ₹1 lakh or less or in other cases involving an FOB value up to ₹5 lakh to the same country, the system would alert the EO that this is the second shipment of the same exporter. The EO can then decide whether to subject the second consignment to examination or not. In case the buyer in both or more consignments happens to be the same person, subsequent consignments should be examined.

5.2 The Commission noted that Article II against the CO alleged, inter alia, that he did not take any action to examine additional packages as prescribed by the Board's circular No. 6/2002 and ignored alerts in the Indian Customs EDI System and failed to stop exporters availing lower examination norms in spite of indications of splitting of consignments eligible for drawback into several lots of lesser value. The ICES is designed to assist examining officers in identifying whether more than one shipping bill had been filed for the same foreign buyers and if such documents are filed by the exporters to avail lesser examination norms, the system gives an "Alert Prompt". Unless and until the officer presses the O.K. button, the system will not allow the officers to carry out further operations.

5.3 While examining the contentions of the CO in his defence, the Commission observed that he had raised substantive issues relating to the procedure followed in the context of the facts. The CO had also noted that it was implied that had he discharged his duties he would have selected randomly the defaulting consignments for further examination, but this did not necessarily follow in terms of logic or the procedures laid down. The Commission observed that as mentioned above, the DA initially was of the view that Article II of the Charge was taken as proved to the extent of negligence and thus warranted imposition of a minor penalty. The DA also noted that in relation to detecting the splitting up of consignments by the ICES to alert the Examiners and the CO, no evidence of absence of follow up action to this effect was cited or brought out. The DA at the initial stage also noted that the prosecution did not produce any positive evidence to prove the nexus of the CO with any of the fraudulent exporters mentioned in the charge sheet. The DA while considering the CO's representation had agreed that there were no regulations to prohibit exporters from splitting up a consignment by filing multiple SBs for the same buyers and to the same port. However, the DA stated that on seeing the alert the Examiner is required to see whether the export is to the same port or to the same buyer and that in the case of the buyer being the same, the Examiner has to ensure mandatorily that goods covered by the subsequent SBs are examined to ensure that there is no mis-declaration; further as the alert is also generated when the SBs are forwarded to the Appraiser for issuing the LEO, the same alert is again

generated whereupon the Appraiser has to ensure that the Examiners have carried such examinations before grant of LEO to the consignment. According to the DA, as the CO or his Examiners could not detect even one case of mis-declaration of description of goods, that would prove that the CO had ignored the alert. However, it was seen that no evidence of such alerts having been generated and having been disregarded, was provided. Based on the documents available and the arguments and reasoning given in relation to the presumed misconduct on the part of the CO, the Commission held that Article-II of the Charge was not established, in the absence of evidence that he failed to detect the splitting up of consignments and colluded with exporters in avoiding higher examination percentages.

6. The Commission observed that the Article-III of the Charge alleged that the CO failed in his supervisory duties in as much as he did not instruct Examiners in relation to the examination of system selected export goods, and failed to instruct his subordinates to carry out examination in the case of split shipping bills by ignoring alert instructions given by the computer system, in contravention of the Board's Circular No. 6/2002 dated January 23, 2002 with a view to collude with fraudulent exporters to claim drawback amounts. The Commission observed that the Charge above had been drafted in a manner that it seems to place on him the responsibility of asking examiners working under him to ignore a system alert and examine the goods, or alternatively of examining only those goods which prompt such an alert. The Inquiry

Officer, on the basis of documentary evidences, had brought out that there was no doubt that the export fraud had taken place but there was no substantiation of the charges against the CO. No witness was cited in favour of the Department's case. The Commission noted that there were no regulations prohibiting exporters from splitting a consignment or mandatory consequential actions by examiners in such a case. The prosecution could not produce any alert pertaining to the period of misconduct linked with evidence of mis-declared cartons which would substantiate the Charge against the CO. Moreover, this third Article of Charge pertains to the CO's alleged failure in discharge of his supervisory duties; as the tenability of the earlier Charges against the CO i.e. Article I and Article-II were not established, the third Charge about the CO having been negligent and having failed to perform his supervisory duties was also not tenable against him and hence this Article was also held as not proved.

7. The Commission concluded that based on the material provided, the Articles of Charge framed against the CO were not established. The Commission noted that the prosecution had not furnished any specific document against the CO or adduced any material evidence that could prove the Charges. The Commission was of the view that invoking the principle of preponderance of probability in this case, in the absence of contemporaneous or supporting evidence would not be valid. Given the absence of supporting material about acts by the CO of either commission or omission that would sustain the allegations about the CO's misconduct,

or of negligence, the Commission advised that the proceedings against the CO be dropped and he be exonerated. Advice of the Commission was communicated to the DA on February 13, 2019.

8. On May 17, 2021 the Ministry of Finance issued Order in the case imposing the penalty of withholding of 20% of monthly pension on permanent basis on the CO, in disagreement with the advice of the Commission. It has been observed from the Order that the DA disagreed with the Commission's advice on the following grounds:

“The Commission's observation regarding mis-declaration remaining unnoticed even after subjecting out higher number of packages to examination, would have been somewhat valid had there been only a few stray incidents of split up consignments. In this case, the CO had attended to 131 Shipping Bills consigned to the same foreign buyer. Subsequent investigations had revealed that all those consignments contained only substandard goods. On any given day, the exporter had filed 3-4 Shipping Bills by deliberately splitting up the consignment so as to avoid higher examination norms. ICES system has been so designed that whenever more than one Shipping Bill is filed for the same foreign buyer on a single day, the system gives an 'Alert Prompt'. The Examining Officers, on seeing that prompt, should have subjected higher percentage of

goods to examination. Even though the possibility of mis-declaration remaining undetected even after resorting to higher examination norms may not be ruled out theoretically, the same gets reduced to negligible levels when such high number of consignments are handled by the CO. So even though collusion with the exporters is not proved on the part of the CO, his gross negligence in ensuring that higher number of packages are examined in case of split up consignments is definitely proved by preponderance of probabilities and such failure had resulted in non-detection of large scale mis-declaration and resultant loss of revenue in the form of ineligible drawback claims”.

9. It was stated in the Order that since the Commission had advised exoneration of the CO, copy of the Commission's advice was not furnished to the CO. Further, when consulted for resolving the disagreement with Commission's advice in terms of DoP&T OM. No. 39023/02/2006-Estt.(B) dated December 05, 2006/ March 02, 2016, the Department of Personnel and Training had concurred with the decision of the Disciplinary Authority for imposition of 20% cut in pension on permanent basis on the CO.

10. As the Order passed by the Government was not in accordance with the Advice of the Commission, it has been treated as a case of non-acceptance of the Commission's Advice.

(V)

ACTION UNDER RULE 14 OF CCS (CCA) RULES, 1965 CONTINUED UNDER RULE 9 OF CCS (PENSION) RULES, 1972 AGAINST AN ADDITIONAL COMMISSIONER, DEPARTMENT OF REVENUE

Advice of the Commission was sought by the Ministry of Finance in October, 2019 on the disciplinary proceedings initiated against an Additional Commissioner, Central Board of Indirect Taxes and Customs.

2. The Charged Officer was proceeded against under Rule 14 of CCS (CCA) Rules, 1965 vide major penalty Charge Sheet dated August 22, 2013 on the following Articles of Charge:

The CO, while working as Deputy Commissioner at Air Cargo Complex, Sahar, Mumbai failed to maintain absolute integrity and devotion to duty and acted in a manner unbecoming of a Government Servant, in as much as:

- (I) *He had official dealings with a Custom House Agent (CHA). The CO misused his official position by taking personal favors from the said CHA. The personal favour taken was demand of a laptop.*
- (II) *The CO called up the CHA with whom he had official dealings and demanded money.*

By the above acts the CO has exhibited lack of integrity and failed to maintain devotion to duty as well as acted in a manner unbecoming of

a Government Servant and thereby committed gross misconduct and thus contravened Rule 3(1)(i), (ii) and (iii) of CCS(Conduct) Rules, 1964.

3. Consequent to the denial of the Charge by the CO, the Disciplinary Authority remitted the case for Departmental inquiry. In the meantime, the CO retired from Government service on October 31, 2013 on attaining the age of superannuation and the proceedings against the CO were continued under Rule 9 of CCS (Pension) Rules, 1972. The Inquiry Officer in his report held the Articles I and II as not proved. The Disciplinary Authority tentatively disagreed with the inquiry findings and held the Articles as proved. A copy of the inquiry report along with DA's disagreement note was forwarded to the CO for his representation, if any. The CO submitted his representation against the inquiry report and the DA, after considering the same and all relevant records/aspects of the case, came to the tentative conclusion that the Charges levelled against the CO are proved and having regard to the gravity of the charges proved against him the CO deserved a penalty of a suitable cut in his pensionary benefits under Rule 9 of CCS (Pension) Rules, 1972. The case was referred to the Commission for advice in October 2019.

4. The Commission, on detailed analysis of the case, observed that Article I of the Charge alleged that the CO misused his official position by taking personal favours from a Custom House Agent by demanding a laptop. The Commission observed that the Inquiry Officer had held this Article as not proved observing that (i) during the period in question when

the alleged conversations took place the CO had no official dealings with the CHA as he was not posted at the Air Cargo Complex (ii) there was no evidence of the actual delivery of laptop and (iii) the contention of the CO that the laptops were meant for his friends/acquaintances was corroborated through depositions of the defence witnesses. The DA disagreed with the findings of the IO and observed that the voice transcriptions of phone calls recorded by the CBI, Mumbai had not been denied by both the CO and the CHA which confirmed that the CO had indeed made a demand for laptops and money. However, the circumstances under which the demand was made had been disputed by the persons concerned. The CO held the stand that the laptops had been sought by his friend and an acquaintance on payment basis, which was not credible because (i) there was no mention of any friend's name in any of the recorded conversations; on the other hand, the conversation "mera laptop bhi aa gaya?" (my laptop has also come?) suggested that the demand was for the CO himself (ii) the CO failed to produce the person for whom the laptop had been sought as a defence witness (iii) the CO's so called acquaintance was not able to provide any proof of payment for the laptop made by him to the CHA and, (iv) asking a CHA, who is not a dealer, for laptops at reasonable price defied logic. In view of these factors the DA observed that the submissions of the CO were an afterthought.

4.1 The Commission observed that there was merit in the DA's contentions on this point. In the conversations dated March

26, 2010 and April 9, 2010, the CO had repeatedly asked for delivery of the laptop. In one of the conversations the CHA informed the CO that the laptop was ready but could not be supplied as the software had not been installed; whereas, in the earlier conversations the CHA had simply stated that the laptop was available with him and would be supplied (immediately). It was thus evident that the CO seemed to be asking for supply of laptop repeatedly without any mention of any other person. On the other hand he clearly referred to the laptop awaited as "mera laptop" (my laptop). The impression gathered from the transcripts of conversations referred to above was that the CO had been asking repeatedly for supply of laptop which the CHA was trying to avoid, which could be on account of the reason that the CO had since been transferred out of Air Cargo Complex, Mumbai and therefore was in no position to help the CHA in official matters or in clearance of goods. Since the CHA was not a dealer in laptops, expecting him to supply laptops at cheaper prices defied logic. It was on record that no laptop was eventually supplied by the CHA to the CO. In view of these factors, it was likely that the demand for laptop referred to in the telephonic conversations was for the CO himself and was being demanded as a favour only. Hence, based on preponderance of probability, the Commission held Article I as proved.

4.2 The Commission noted that the Article-II of Charge alleged that the CO rang up the CHA with whom he had official dealings and demanded money. The Inquiry Officer held this Charge as

not proved observing that while there was no dispute that there was a discussion of money being demanded in the voice recordings, the explanation given by the CO and corroborated by the CO's acquaintance appeared to be plausible. There was no evidence to prove delivery of any money to the CO. Further, during the period in question the CO had no official dealings with the CHA and no quid pro quo could be established. The DA, in his disagreement note observed that the CO and the CHA had both accepted the transcription of the telephone conversations, and thus it was a fact that money was demanded by the CO. According to the DA, the CO claimed that he was not asking money for himself but the calls were for returning the money which was already paid to the CHA by his friend for providing laptops. However, no evidence to that effect was produced by the CO. Thus the submission of the CO seemed to be an afterthought. Therefore, though the acceptance of money by the CO was not proved, the demand made by him was proved which itself constitute grave misconduct.

4.3 The Commission observed that there was clear reference in the telephone conversations of April 12, 2010 and April 18, 2010 to the amount that was to be paid to the CO. Further in the conversation dated May 7, 2010, the CO inquired specifically about the amount of money being sent and he was informed that it was 'one fifty' which had been interpreted as ₹1.50 lakhs. As discussed in relation to Article-I of the Charge, there was no evidence to substantiate that CO's friend had paid this amount to the CHA for

supply of two laptops and that the return of the amount was sought as the laptops were not supplied. The Commission further observed that in the transcripts of the conversations referred to above, the CO was heard insisting upon the supply of both the laptops as well as the money and there was no indication that the amount was being sought as a refund due to non-supply of the laptops. Furthermore, in case the refund of ₹1.50 lakhs on account of non-supply of laptops was being sought, there should have been no mention/insistence for supply of laptops. Thus, the contention of the CO that the amount being sought was for refund was self contradictory and was not tenable. Thus it was evident that the CO had sought the amount in question as a favour for helping the CHA in official matters and therefore, based on preponderance of probability, this Article was held as proved by the Commission.

4.4 The Commission observed that as regards the issue of no proof being available of a *quid pro quo* while holding the Charges as not proved, it was seen that the CHA, in the conversations, enquired specifically from the CO as to whether he knew one particular person and wanted a reference about the CHA to be given by the CO to the said person. To this, the CO assured the CHA that needful would be done as they were batch mates. In view of this it emerged that the CHA wanted a favour from the CO in the form of an introduction to the person so that he might help him in the clearance of goods and this was one of the reasons or *quid pro quo* for which the CO was expecting laptops/money from the CHA.

4.5 In the light of their observations the Commission concluded that based on preponderance of probability, both the Charges against the CO were proved. The Commission advised that the Charges proved against the CO constitute grave misconduct and the penalty of withholding of 5% of the monthly pension otherwise admissible to the CO for a period of one year be imposed on him. Advice of the Commission was communicated to the Ministry on December 20, 2019.

5. The Disciplinary Authority forwarded a copy of the UPSC advice dated December 20, 2019 to the CO for making representation, if any. The CO submitted his representation and after considering the same the DA concluded that the punishment advised by the Commission was less keeping in view the gravity of the offence and this being a CBI case. As there was disagreement with the Commission's advice, the DA referred the case to the DoP&T as per OM No. 39023/02/2006-Estt.(B) dated December 05, 2006/ March 02, 2016. The Competent Authority in DoP&T agreed with the DA's view to impose a higher penalty on the CO.

6. On March 5, 2021, the DA issued the final Order in this case imposing the penalty of withholding 25% of the monthly pension otherwise admissible to the CO for a period of one year, in disagreement with the Commission's advice.

7. As the Order passed by the Government was not in accordance with the Advice of the Commission, it has been treated as a case of non-acceptance of the Commission's Advice.

(VI)

ACTION UNDER RULE 14 OF CCS (CCA) RULES, 1965 CONTINUED UNDER RULE 9 OF CCS (PENSION) RULES, 1972 AGAINST A GRADE I OFFICER OF DELHI ADMINISTRATION SUBORDINATE SERVICES

Advice of the Commission was sought by the Ministry of Home Affairs in May, 2019 on the disciplinary proceedings initiated against a Grade I officer of Delhi Administration Subordinate Services (DASS).

2. The Charged Officer was proceeded against under Rule 14 of CCS (CCA) Rules, 1965 vide major penalty Charge Sheet dated July 22, 2015 on the following Articles of Charge:

- (I) *The CO while functioning as Tehsildar in the office of District Magistrate (West), Government of NCT of Delhi during the year 2013 and 2014, committed gross misconduct in as much as with malafide intention he issued an OBC certificate in respect of a person on 10.07.2014 under the illegal influence of a middle man/tout who had taken ₹2,000/- from the uncle of the person for getting the OBC certificate issued.*
- (II) *The CO, during the above said period and while functioning in the aforesaid post, committed gross misconduct in as much as, with mala fide intention he issued an incorrect Income Certificate in favour of a person extending undue favour to him by wrongly showing his income*

as ₹13,000/- per month although his total income was more than ₹60,000/- per month.

By the above acts of omission and commission, the CO exhibited lack of integrity and devotion to duty which is unbecoming of a Government Servant thereby violating the provisions of Rule 3 of CCS (Conduct) Rules, 1964.

3. Consequent to the denial of the Charge by the CO, the Disciplinary Authority remitted the case for Departmental inquiry. In the meantime, the CO retired from Government service on May 31, 2016 on attaining the age of superannuation and the proceedings against the CO were continued under Rule 9 of CCS(Pension) Rules, 1972. The Inquiry Officer in his report held both the Articles of Charge as proved. The Disciplinary Authority tentatively agreed with the inquiry findings and a copy of the inquiry report was forwarded to the CO for his representation, if any. The CO submitted his representation against the inquiry report and the DA, after considering the same and other relevant records/aspects of the case, came to the tentative conclusion that the charges levelled against the CO are proved and having regard to the gravity of the charges proved against him the CO deserve to be imposed the penalty of a suitable cut in his pensionary benefits under Rule 9 of CCS (Pension) Rules, 1972. The case was referred to the Commission for advice in May, 2019.

4. The Commission, on detailed analysis of the case, observed that Article I alleged that while functioning as Tehsildar,

the CO had issued an OBC certificate in respect of an applicant on July 10, 2014 under the illegal influence of a middleman/tout, who had taken ₹2,000/- from the applicant's uncle for getting the OBC certificate issued. The Commission noted that the uncle of the applicant submitted an application of issuance of an OBC certificate for his ward on June 26, 2014 in the office of SDM, Nangloi. The application was processed for verification on June 27, 2014 and the verification report was received on July 10, 2014 and submitted to and approved by the CO on the same day and the certificate was also issued. Various factors were noted by the Commission while analyzing the case such as, (i) the certificate was issued only on account of the money paid (ii) the certificate was issued by hand on July 10, 2014 and without any formal application for 'out of turn' priority (iii) even if the CO was not directly involved with the tout, it was difficult to fathom how the certificate was issued on the same day the bribe was paid, without the active involvement of the staff/CO (iv) the reluctance earlier shown by the CO to the applicant as well as to the complainant in issuing the certificate on urgent basis and thereafter issuing the same on July 10, 2014 showed that the CO was hand-in-glove with the middleman for acceptance of illegal gratification. The uncle of the applicant confirmed that he had got the certificate from the tout (v) when the complainant requested the CO to expedite the certificate, he expressed his inability for the same as he was overburdened. Later the complainant got the certificate issued through the tout etc.

4.1 It was observed that in the instant case there was no application/approval for issuing the certificate on priority basis. There was indication of the probability that undue priority had been attached in this case while issuing the certificate. Also the action of the Dealing assistant in bringing the application to the CO stating that the certificate is required to be issued on priority basis was clearly indicative of some outside influence in the matter.

4.2 The Commission noted that the case against the CO appeared to hinge on the fact that he issued the OBC certificate on July 10, 2014 even though he had earlier told the complainant that he would do so only on July 14, 2014 and hence it had been concluded on what appeared to be preponderance of probability that the issue of certificate 4 days earlier was only because a bribe was paid.

4.3 The Commission observed that while acknowledging that public service delivery in many Government offices is generally seen to be fraught with corruption and inefficiency, in this case it would be necessary to assess the case against the CO with the evidence available on record. It was seen that the application was received on June 26, 2014, was then sent for verification and verification report was received on July 10, 2014 which was not disputed. Hence, on the day on which a former MLA spoke to the CO on July 07, 2014 for early issue of the certificate, the verification report was not received and it was not possible to issue the Certificate immediately. The CO issued the certificate on July 10, 2014 immediately on receipt of the verification report, was seen as being proof of his mala fide only

because the complainant claimed to have paid a tout. On analysing the case, the Commission observed that the case of the prosecution was inadequate and too sketchy. There was no evidence produced to establish that the certificate was issued out of turn, nor were details available as to the number of other applications which were pending when the OBC certificate in question was issued. The complainant claimed that the certificate was handed over to him by the tout, but even that was not clearly established by the Inquiry Officer due to which it remained only an unsubstantiated version. While there was no basis to doubt the deposition of the District Magistrate regarding existence of the middleman, it appeared that he came to know of such a person only through local inquiry and did not appear to have made any detailed investigation of this aspect even though this was moot to the alleged racket which was apparently operating. Finally, there was no evidence of the CO having demanded or accepted a bribe and the mere fact of his having issued the certificate four days earlier than he had earlier mentioned to the complainant, could not be the basis for finding the Charge proved. The Commission held this Article as not proved on the basis of insufficiency of evidence.

4.4 Under Article-II of the Charge, it was alleged that the CO issued incorrect Income Certificate in favour of a person extending undue favour to him wrongly showing his income as ₹13,000/- per month although the applicant's total income was more than ₹60,000/- per month. The Commission noted that the applicant had submitted an application dated December 02, 2013 requesting for

issuance of Income certificate. From the entries in his application form it appeared that he was working as or for a courier company having a monthly income of ₹13,000/- per month. In the affidavit that attached with the application, it was also mentioned that he was working as a courier. It was, however, not specifically indicated that he was the owner of the business being run from the given address. Accordingly Income certificate dated December 05, 2013 was issued in favour of the applicant indicating his income as ₹13,000/-.

4.5 The Commission noted that on the basis of application submitted by the applicant's son for scholarship for pursuing CPL (Commercial Pilot License) course when the income claimed by the applicant's son was got verified by the Department for Welfare of SC/ST/OBC/Minorities of GNCTD, the investigation report dated July 28, 2014 assessed his monthly income as ₹61,750/-. In view of this, the Department for Welfare of SC/ST/OBC/Minorities informed the Deputy Commissioner (Revenue) that the certificate dated December 05, 2013 submitted by the applicant was false and based on misrepresentation of facts. Accordingly it was requested that the Income certificate dated December 05, 2013 be cancelled and disciplinary action initiated against the CO.

4.6 The Commission noted that the CO had produced a copy of the sanction issued by the Department for Welfare of SC/ ST/ OBC/ Minorities dated January 29, 2016 sanctioning ₹9.55 lakhs to the applicant's son as first installment of the scholarship sanctioned to him for pursuing

CPL course. The CO had contended that despite terming the Income Certificate dated December 05, 2013 issued by him as false and assessing the income of the applicant's son as ₹61,750/- per month which was in excess of the ceiling prescribed for grant of scholarship, the scholarship was sanctioned to the applicant's son which was indicative of the fact that the income assessed by the Department for Welfare of SC/ST/ OBC/Minorities in the verification report was wrong. The verification report received from Patwari also stated that the applicant was in a private job and his monthly income was ₹13,000/-. The Commission noted that the contention of the prosecution was that the case processed on the basis of verification report received by the Tehsildar from the Patwari on December 02, 2013 at 11.00 AM, recommended by the Tehsildar at 11.03 AM certificate prepared at 11.06 AM and a print was taken out at 11.11 AM of the same day. Thus the processing of the application till the preparation of the certificate during the peak time in 11 minutes only did not appear to be normal in a busy office. As per the income tax return of the applicant his annual income was ₹2,44,392/- which was adequate to prove that the Income Certificate issued by the CO was incorrect.

4.7 The contentions of the CO in his defence were also examined by the Commission. The Commission noted that based on the information regarding the profession and income of the applicant, it could not be reasonably concluded whether the applicant was working as an employee or operating a franchise of the Courier company. Further the affidavit

enclosed with the application certified that the applicant was in a private job and his income was ₹13,000/- per month. In view of this relying upon the verification report received from the field staff, the CO had approved issuance of the Income certificate. The ITR and bank statement relied upon by the prosecution were not before the CO at the time of issuance of the Income certificate. As regards sanctioning of the scholarship to the son of the applicant, the Commission observed that even though the specific details of the circumstances under which the scholarship was eventually sanctioned to him were not available, doubts were raised on the authenticity of the assessment of income of the applicant by the Committee in its report, which formed the basis of the allegation that the income certificate issued by the CO was wrong.

4.8 The Commission observed that no evidence was available to the effect that the CO was approached/ influenced for some consideration by the applicant for issuance of the wrong Income certificate. Immediate printing of the Income certificate by the lower staff after approval of the application by the CO, in itself, could not lead to a conclusion of malafide intention on the part of the CO unless some evidence were found to suggest that there was some motive for the CO to deliberately issue a wrong income certificate. In view of the above and in the absence of sufficient evidence, the Commission held this Article as not proved against the CO.

4.9 In the light of their observations the Commission concluded that the Charges levelled against the CO could not be substantiated and advised that the CO

be exonerated and the Charges levelled against him be dropped. Advice of the Commission was communicated to the Ministry on September 22, 2020.

5. It was observed that on January 19, 2021 the Disciplinary Authority forwarded a copy of the Commission's advice along with their reasons of disagreement to the CO for his representation, if any. The DA disagreed with the advice of the Commission in respect of Article-I of the Charge on the following grounds:

- (i) The procedure of issuance of OBC certificate was completed in breakneck speed and the verification report was submitted by the Patwari on 10.07.2014 and the OBC certificate was then issued within a few hours on the same day. It would be worth mentioning here that the complainant had paid ₹2,000/- to a tout on that day for issuance of the said OBC certificate. In the preliminary inquiry, the existence of a tout had been established who was running a photocopy shop in SDM office complex.
- (ii) The complainant in his statement before the inquiring authority had stated that he had paid ₹2000/- to a tout for OBC certificate and he received the said OBC certificate from the tout only. The CO did not cross question the complainant in this regard and on the basis of preponderance of probability it could be stated that the CO was aware of these type of activities in his office and this was not possible without his involvement.

(iii) One of the listed documents placed on record showed that signatures of the name of the applicant are available on the Issue Slip of OBC certificate. However, in his deposition before the inquiring authority the applicant had stated that the signatures were not his. Further, at that time certificates were issued by post and in case of urgent requirement of a certificate the applicant had to submit an application to this effect. In this case no such application/document was available on record and the certificate was issued by hand. The uncle of the applicant had stated that he received the OBC certificate from the tout which proved that in violation of the procedure the OBC certificate was handed over to a tout, with malafide intention under the illegal influence of a middleman/tout.

(iv) In this case, a penalty of 'compulsory retirement' had been imposed on the co-accused officer, and hence exonerating the CO would not be fair.

Thus the DA held the Article-I of the Charge as proved and Article-II as not proved.

6. The CO submitted his representation on UPSC advice and the disagreement note and after considering the same, the DA tentatively concluded that a penalty of 20% cut in pension for a period of three years would be imposed on the CO. As there was disagreement with the Commission's advice, the DA referred the case to the

DoP&T as per OM. No. 39023/02/2006-Estt. (B) dated December 05, 2006/ March 02, 2016 and the Competent Authority in DoP&T agreed with the view taken by the DA to impose cut in pension on the CO.

7. On July 20, 2021, the DA issued the final Order in this case imposing the penalty of withholding of 20% of the monthly pension for a period of three years on the CO, in disagreement with the Commission's advice.

8. As the Order passed by the Government was not in accordance with the Advice of the Commission, it has been treated as a case of non-acceptance of the Commission's Advice.

(VII)

ACTION UNDER RULE 9 OF CCS (PENSION) RULES, 1972 AGAINST AN INSPECTOR (RETIRED), DEPARTMENT OF REVENUE CONSEQUENT UPON HIS CONVICTION BY THE HON'BLE COURT

Advice of the Commission was sought by the Ministry of Finance in August, 2018 on the conviction case against an Inspector (retd.) in the Central Board of Indirect Taxes and Customs.

2. The Charged Officer was convicted by the Court of Hon'ble Special Judge for CBI cases, S.A.S Nagar, Mohali vide judgement and Order dated March 22, 2010. Vide the said judgement, the Hon'ble Judge upheld the prosecution case that the CO who was selected for both Weights and Measures Department and the Central Excise Department, in conspiracy with his twin brother, allowed his twin brother to join the Weights and

Measures Department impersonating as himself, while he joined the Central Excise Department in July, 1974. The CO's twin brother continued to draw salary till 1983 in the name of the CO. Both the CO and his twin brother had been convicted under the Sections 120-B (criminal conspiracy), 409 (criminal breach of trust by public servant), 467 (forging a document which purports to be a valuable security), 468 (forgery for purpose of cheating), 471 (using as genuine a forged document), IPC and 13(2) of the Prevention of Corruption Act, 1988. They were convicted to undergo sentence of Rigorous Imprisonment for two years with a fine of ₹1,000/- for offences under Sections 120-B and 471 separately for each Section and, sentence of RI for three years and a fine of ₹1,000/- for offences under Sections 409, 467, 468 and Section 13(2) separately for each Section. All the sentences were to run concurrently.

3. Having regard to the facts and circumstances of the case and gravity of the misconduct, the President tentatively proposed to impose the penalty of withholding of entire amount of gratuity and withholding of full monthly pension otherwise admissible to the CO on permanent basis. In terms of Department of Pension and Pensioner Welfare OM No. 38/64/05-P & PW(A) dated November 9, 2006, a Show Cause notice was issued to the CO on January 22, 2015 giving opportunity for making representation on imposition of the proposed penalty on him. The CO submitted his representation stating that he had appealed against the matter before the Hon'ble High Court of Punjab and Haryana which has suspended

the sentence passed by the Hon'ble Court of Special Judge for CBI Cases. The DA considered the CO's representation and, as the conviction of the CO by the trial court had not been quashed, the DA did not find merit in the CO's representation and tentatively decided that the Charges against him are grave enough to impose a suitable penalty under Rule 9 of CCS(Pension) Rules, 1972. The case was forwarded to the Commission for advice in August, 2018.

4. The Commission, on detailed analysis of the case, observed that a case was registered by the CBI against the CO in the Hon'ble Court of Special Judge for CBI cases, SAS Nagar, Mohali for conspiring to allow his twin brother to impersonate as himself in order to join the Weights and Measures Department, Government of Punjab while he himself joined CBEC, Government of India on the basis of his selection in both the Departments. Regarding the culpability of the CO, the Hon'ble Court for CBI cases observed that both the accused who were twin brothers entered into conspiracy and committed cheating and forgery and said acts of both the accused tantamount to criminal misconduct. Thus the Hon'ble Court vide the judgement dated March 22, 2010 convicted them under Sections 120-B, 409, 467, 468, 471 - IPC and 13(2) of the Prevention of Corruption Act, 1988.

5. Consequent upon his Conviction by the Court a Show Cause Notice was issued to the CO, as to why the penalty of withholding of entire amount of monthly pension admissible to him on permanent basis and withholding of entire gratuity be not imposed on him. On examination of

the representation submitted by the CO to the Show Cause notice, the Commission observed that as regards his plea that he had filed an appeal against the said conviction and the same was pending in the Hon'ble High Court, the DA had stated that the Hon'ble High Court had only suspended the sentence and not stayed or set aside the Conviction and the misconduct which led to his Conviction was grave enough to justify imposition of penalty under Rule 9 of CCS (Pension) Rules, 1972. As regards the CO's plea regarding his domestic problems and financial constraints and request seeking benevolence, the DA had stated that the conduct which led to his conviction i.e. drawing salary in his name from both departments constitute grave misconduct. By his acts of omission and commission the CO had compromised integrity and exhibited conduct unbecoming of a Government Servant.

6. The Commission concluded that in view of the detailed reasoning, evidence, deposition of witnesses as given in the judgement of the Court of Competent Jurisdiction, the culpability of the CO was proved. Considering the gravity of the misconduct, the Commission advised that the penalty of withholding of 65% of the monthly pension admissible to the CO on a permanent basis be imposed on the CO. Advice of the Commission was communicated to the Ministry on October 1, 2018.

7. On receipt of the Commission's advice, the Disciplinary Authority forwarded a copy of the same to the CO for his representation, if any. The CO submitted his representation on UPSC

advice. After considering the same the DA concluded that considering the gravity of the offence, the penalty advised by the Commission was inadequate in the facts and circumstances of the case. As there was disagreement with the Commission's advice, the DA referred the case to the Department of Personnel & Training as per OM No. 39023/02/2006-Estt.(B) dated December 05, 2006/ March 02, 2016. The DoP&T observed that there was no disagreement between the DA and UPSC in so far as the gravity of misconduct was concerned. The disagreement was only with regard to the quantum of penalty. According to DoP&T, the UPSC had taken a lenient view in the case; whereas, the conduct of the CO which led to his Conviction in the criminal proceedings was serious in nature, requiring exemplary punishment as deterrence. Thus, the Competent Authority in DoP&T decided to agree with the quantum of penalty recommended by the Disciplinary Authority i.e. withholding of 100% of pension of the CO permanently along with withholding of his entire gratuity.

8. On October 27, 2021, the DA issued the final Order in this case imposing the penalty of withholding of 100% of the monthly pension otherwise admissible to the CO on permanent basis and withholding of 100% of gratuity due to him, in disagreement with the Commission's advice.

9. As the Order passed by the Government was not in accordance with the Advice of the Commission, it has been treated as a case of non-acceptance of the Commission's Advice.

(VIII)

ACTION UNDER RULE 9 OF CCS (PENSION) RULES, 1972 AGAINST A MEMBER (RETD.), CENTRAL BOARD OF INDIRECT TAXES & CUSTOMS, DEPARTMENT OF REVENUE

Advice of the Commission was sought by the Ministry of Finance in December, 2019 on the disciplinary proceedings initiated against a Member (Retd.), CBIC, Department of Revenue.

2. The Charged Officer (CO) was proceeded against under Rule 9 of CCS(Pension) Rules, 1972 vide major penalty Charge Sheet dated December 7, 2016 on the following Article of Charge:

(I) *The CO, Member (Customs), CBEC, New Delhi was the authority to grant approval for permission of transportation of cargo of M/s Universal Agency from Kolkata Customs Port to Nepal via Nautanwa/Jogbani Land Custom Station through rail route. The Dy. Director, Directorate of Revenue Intelligence (DRI), Mumbai during 2012 pursued the matter of M/s Universal Agency, Kolkata with the CO at the request of Superintendent of Customs, Kolkata. An employee of M/s Universal Agency, Kolkata had submitted an application for transportation of fertilizers and other materials to Nepal through Nautanwa and Jogbani Land Customs Stations (LCS) by rail. The said application was pending at CBEC for approval by the CO. The DD, DRI demanded bribe*

from the Superintendent of Customs for paying to the CO [(the Member (Customs)] for obtaining a favourable order from him for the applications of said M/s Universal Agency. The DD, DRI directed his friend who was the Deputy Commissioner, Directorate General of Central Excise Intelligence (DGCEI), Kolkatta to receive a bribe of ₹10 Lakhs from the Superintendent for paying it to the CO. Both the Dy. Director, DRI, Mumbai and the Dy. Commissioner, DGCEI, Kolkata visited Delhi on 18.12.2012 and the Dy. Commissioner, (DGCEI), Kolkata delivered the bribe amount of ₹5 lakh to CO out of the total bribe amount of ₹10 lakh. Remaining bribe amount of ₹5 lakh was kept by the Dy. Director, DRI, Mumbai and the Dy. Commissioner, DGCEI, Kolkata. The CO approved the said proposal on the basis of application of M/s Universal Agency for permission to transport of fertilizers and other materials to Nepal through Nautanwa and Jogbani LCS by rail without mentioning the quantity, time period of permission for transportation, etc.

By this act, the CO failed to maintain absolute integrity, devotion to duty and acted in a manner unbecoming of a Government Servant thereby, violating Rule 3(1) of CCS (Conduct) Rules, 1964.

3. The CO denied the Charges alleged against him and the Disciplinary Authority remitted the case for inquiry. The Inquiry Officer held the Charges

leveled against the CO as Partly Proved. The DA tentatively agreed with the inquiry findings and as per procedure, a copy of the Inquiry Report was forwarded to the CO for his representation, if any. After considering the representation, the case was referred to the Commission for advice in December, 2019 with the tentative approval for imposition of suitable cut in pensionary benefits under the provisions of Rule 9 of CCS(Pension) Rules, 1972.

4. The Commission noted that there were two components in the Article of Charge against the CO i.e. (a) he had received a bribe of ₹5 lakhs paid by the representative of M/s Universal Agency through Dy. Director, DRI, Mumbai and Dy. Commissioner, DGCEI, Kolkata for approving their proposal for transporting fertilizer and other goods through Nautanwa and Jogbani LCS to Nepal, and, (b) the approval was accorded without mentioning the quantity and time period of permission for transportation of fertilizers and other goods. The Inquiry Officer held the Charges leveled against the CO as Partly Proved to the extent of the Charge at component (b), and, component (a), the Charge relating to acceptance of bribe of ₹5 lakhs, was held as not proved. The DA had also agreed with the IO in this regard. Hence, this part was not discussed by the Commission.

4.1 With regard to the component of Charge at sub-para (b), the Commission observed that in the approval conveyed by CBEC to the proposal of M/s Universal Agency for transportation of fertilizers and other goods from Kolkata/ Haldia to Nepal through Nautanwa/Jogbani vide letter

dated December 14, 2012 there was no mention of any quantity or the period for which approval was granted. It was also evident from the letter dated July 23, 2012 of M/s Universal Agency or the letter dated July 27, 2012 of Commissioner of Customs, Kolkata, recommending the proposal of M/s Universal Agency for approval of CBEC, that there was no mention of any quantity or the period for which approval was sought/recommended.

4.2 The Commission noted that the Commissioner of Customs, Customs & Export Permission (CUS & EP), deposed before the inquiry that there was no time frame for granting such permissions and several similar permissions were granted in the past. He also stated that there was no contravention involved of the terms of the India- Nepal Treaty of Transit. Regarding quantity and time period of permission, the matter was viewed in the Ministry with respect to the bilateral relations between India and Nepal. He also stated that specific compliances were to be seen by the Commissioner (Customs) with respect to the Treaty procedure.

4.3 The Commission further noted that the Director, Inland Container Depot (ICD) deposed that such permission was given earlier in 2010 and there was no contravention of the terms of the Indo-Nepal Treaty. The permission was not given to a specific quantity or for a specific time period. The details regarding quantity documentation etc. would be checked by the Commissioner of Customs, Kolkata. The Section Officer (Legal Cell), CBEC deposed that there was no time frame for the clearance of such proposals, and he also did not receive any instructions

for processing the file on priority or any special instructions in this regard.

4.4 Further, the Commission noted that the CO, in his defence, had contended that this was a routine matter submitted for his approval and no undue favour had been extended to the Importer. It was evident from the deposition of the Commissioner of Customs and the Director of ICD that it was not mandatory to specify the quantity and the time period for which transportation of the goods was to be permitted, and that these aspects were to be looked after by the Commissioner of Customs, Kolkata while operationalising the approval, having regard to the provisions of Indo-Nepal Treaty of Transit for movement of goods to Nepal.

4.5 The Commission observed that it was not clear from the case records and the evidence brought before the inquiry whether the CO had violated any departmental guidelines while approving the proposal without ascertaining and specifying the quantity to be transported and the time duration for which the approval had been accorded. While holding this component of charge as 'Proved', the IO had observed that by not specifying the quantity or the duration of the period for which approval was being given, the CO had given scope to the Importer (M/s Universal Agency) for misuse of the approval. However, this observation of the IO was not elaborated to indicate the manner in which the Importer could have misused the approval and whether the same would have an impact on the Government revenue.

4.6 The Commission observed that the bilateral Treaty of Transit described the

procedure for import of goods for Nepal transiting through India and provided, inter-alia, that for each case of import, the importer or his agent was required to present a Customs Transit Declaration in which the quantity and value of goods in the consignment was to be specified, along with the route of transit. All approvals necessary from Indian Customs authorities for the measurement of the consignment were to be accorded by the Commissioner of Customs, Kolkata and there was no indication of consignment-wise approvals required to be accorded by CBIC, New Delhi. Hence, it appeared that there was no requirement for the CO to have mentioned quantities/time frame in the approval since the matter submitted to him for consideration was related to the general approval of a specific route for transiting goods to Nepal. Since the prosecution had not questioned the CO's competence to grant the approval, it was assumed that he had the authority to do so.

4.7 In view of the above, the Commission held the Component (b) of the Charge against the CO also as 'not proved'.

5. In view of their observations and findings, the Commission concluded that the Charges established against the CO could not be proved and advised that the charges leveled against the CO, be dropped and he be exonerated. Advice of the Commission was communicated to the DA on December 11, 2020.

6. The Disciplinary Authority considered the advice and disagreed with the Commission's findings on the following grounds:

- (i) The open-ended authorization to the agency provided ample scope for misuse of permission for transit of the cargo.
- (ii) Such an open-ended permission would have provided opportunity to the firm by transporting unlimited/unrestricted quantity of material from India to Nepal, for an indefinite period. This can be construed as a lapse on the part of the Charged Officer.
- (iii) As the competent authority, the CO should have applied his knowledge and experience by not only specifying the quantity but also the time frame, while according approval. As a specialist officer in export matters the CO was well conversant about the consequences of issuing an open-ended permission and the same cannot be construed as accidental/inadvertent.
- (iv) In departmental proceedings, penalty can be imposed on the delinquent officer on a finding recorded on the basis of "preponderance of probability".

Thus, the DA held the Article of Charge as proved.

7. A copy of the Commission's advice along with the DA's disagreement note was forwarded to the CO on March 26, 2021. Thereafter, the DA referred the case to the Department of Personnel and Training as per DoP&T OM. No. 39023/02/2006-Estt. (B) dated December 05, 2006/ March 02, 2016 for resolving the disagreement with the Commission's advice. The Competent

Authority in DoP&T agreed with the view taken by the DA to impose the penalty of cut in pension on the CO.

8. On November 23, 2021, the Ministry of Finance issued the final Order in this case imposing the penalty of 25% cut in monthly pension for a period of 3 years on the CO, in disagreement with the Commission's advice.

9. As the Order passed by the Government was not in accordance with the Advice of the Commission, it has been treated as a case of non-acceptance of the Commission's Advice.

(IX)

ACTION UNDER RULE 9 OF CCS (PENSION) RULES, 1972 AGAINST A COMMISSIONER (RETIRED), CENTRAL BOARD OF EXCISE AND CUSTOMS

Advice of the Commission was sought by the Ministry of Finance, Department of Revenue in May, 2018 on the disciplinary proceedings initiated against a Commissioner (Retired) in the Central Board of Excise and Customs.

2. The CO was proceeded against under Rule 9 of CCS (Pension) Rules, 1972 vide major penalty Charge Sheet dated January 17, 2012 on the following Article of Charge:

- (I) *The CO, who was Commissioner, Logistics during the year 2007-2008 has failed to maintain absolute integrity and devotion to duty and acted in a manner which is unbecoming of a Government Servant in as much as he, while on official trips to Cape Town/Johannesburg*

(South Africa) and Malaysia, during the period 28.10.2007 to 02.11.2007 and 20.01.2008 to 27.01.2008 respectively, took his wife along with him and accepted for his wife air tickets (for South Africa), free air tickets (for Malaysia) and boarding and lodging facilities provided by the Boat Builders with whom he had official dealings.

The CO not only took his wife along to South Africa and Malaysia but also asked his subordinate officer, who was Additional Commissioner (Marine), to take his wife also along for these trips.

Thus, the CO contravened the provisions of Rule 13(1), 13(5), 3(1)(i), 3(1)(ii), 3(1)(iii) and 3(2)(i) of CCS (Conduct) Rules, 1964.

3. As the CO did not submit any written statement of defence within the stipulated period, the DA remitted the case to oral inquiry. The Inquiry Officer submitted his report holding the Article of Charge as not proved. The DA disagreed with the findings of the IO and a copy of the Inquiry Report along with the Disagreement memo was forwarded to the CO for making representation. The CO submitted his representation and the DA, after considering the same and other relevant records/aspects of the case, tentatively decided to impose a penalty of suitable cut in pension on the CO. The case was referred to the Commission for advice in May, 2018.

4. The Commission, on detailed analysis of the case, observed that the allegations against the CO was that he,

while on official trips to South Africa and Malaysia took his wife along with him and accepted for his wife air tickets for South Africa, free air tickets for Malaysia and boarding & lodging facilities provided by the Boat Builders (private firms at Singapore and Malaysia) with whom he had official dealings. The Commission further noted that the IO held the charges as not proved and the DA disagreed with the findings of the IO and held that the facts of the case indicate that for the Malaysian trip, the tickets of the CO's wife were arranged by the Boat Builder with whom the CO was having official dealings and the boarding & lodging arrangements were also borne by the Boat Builder/on behalf of the Boat Builder. The Commission confined its examination only to the extent the Article of Charge was held proved by the DA.

5. The Commission noted that the sole documentary evidence to sustain the said allegations was the statement of the co-accused, the Additional Commissioner (AC) recorded by the North Zonal Unit (NZU) on November 14, 2011. The said AC had also visited Malaysia during the same period on official duty with the CO.

5.1 It was observed that the CO had contended that the travel agent was asked to provide tickets for his wife also so that the situation of travelling by different flights should not arise. And, payment was made to the agent on return from the trip. As proof, the CO produced his bank accounts statement for the relevant period and stated that he had not kept copy of the tickets or the payment receipt. From the statement the cash withdrawal of ₹50,000/- was noted; however, it was not a sufficient proof of the CO having

made any payment to the travel agent. The Commission noted that the observation of the DA that if the CO's wife was given the free Business Class ticket (which was a special offer of the airlines to the Boat Builder), the question of refunding the ticket cost to the travel agent does not arise, was also found relevant.

5.2 The main contention of the CO was that the statement dated November 14, 2011 of the Additional Commissioner could not be relied upon as he was under duress. During the inquiry, the AC had stated that the statement that was given on November 14, 2011 was made under duress. The AC further had stated that he had no idea who paid for CO's wife and he had no knowledge of any hospitality enjoyed by the CO that was provided by the Boat Builder. It was observed that during the inquiry the prosecution did not make any effort to re-establish the contents of the said statement. Further there was nothing on record to suggest that any form of force or threat, physical or mental, was used to bring the Additional Commissioner to NZU's office or during the course of recording his statement. The statement was given in his own handwriting. According to the above facts, the AC's claim that his statement was given under duress was contradicted.

5.3 The Commission noted that the DA had referred to the letter of M/s Esmario Exports, the private party, in his disagreement note to establish the Charges against the CO proved on the basis of preponderance of probability. However, as the said letter was not a Relied Upon Document in the Charge Memorandum issued to the CO, the submissions of the

CO relating to the said letter were not relevant in the context of the Charges held proved against him, which related to the CO's visit to Malaysia.

5.4 The Commission observed that from the position above, it was evident that in the instant case the prosecution case had been affected by (i) the Boat Builder, a private party who could have provided the requisite evidence to substantiate the Charges, not responding to the matter and (ii) the Additional Commissioner denying the contents of his statement dated November 14, 2011 in the inquiry. However, CO's failure to produce adequate evidence in support of his contention of having made payment to the agent of the Boat Builder, strengthened the case of the prosecution. Furthermore, it was observed that the CO had remained silent on the second element of Charge viz., boarding & lodging arrangement for his wife done by the Boat Builder/on behalf of the Boat Builder; and had not produced any evidence to show that he himself had arranged the same.

5.5 The Commission concluded that on the basis of preponderance of probability the Article of Charge stood partially proved against the CO to the extent that for the Malaysian trip, the tickets for the CO's wife were arranged by the Boat Builder with whom the CO was having official dealings and the boarding & lodging arrangement for his wife were also borne by the Boat Builder/on behalf of the Boat Builder.

5.6 In the light of their findings the Commission considered that the Charge established against the CO constituted grave misconduct on his part and the

penalty of withholding of 5% of the monthly pension otherwise admissible to the CO for a period of one year be imposed on him. Advice of the Commission was communicated to the Ministry on October 8, 2018.

6. A copy of the Commission's advice was forwarded by the Disciplinary Authority to the CO for his representation, if any. The CO failed to submit any representation on the advice despite lapse of a considerable period of time which indicated that the CO had nothing to say against the advice tendered by UPSC. The DA considered the Commission's advice and disagreed with it on the following grounds:

i. In the present case it was alleged that while working as Commissioner in the Directorate of Logistics in 2007-08, the CO had taken his wife along with him on official trips to Cape Town and Malaysia and accepted free air tickets and boarding & lodging facilities for her from the Boat Builders with whom he had official dealings. The Inquiry Officer observed that the Charges w.r.t. South Africa visit were barred by limitation of 4 years prescribed for initiation of disciplinary proceedings against retired Government Servants and restricted his findings only to the Malaysia visit. As the concerned Boat Builders didn't cooperate in providing necessary evidence w.r.t. free boarding & lodging provided to CO's wife, the prosecution's case heavily relied on the statement dated November 14, 2011 of the co-

accused Additional Commissioner, Directorate of Logistics who had admitted before the DGoV that on insistence of the CO he too had taken his wife along for the said foreign trips and had enjoyed hospitality of the Boat Builders. The IO had held the Charges as not proved on the ground that the Additional Commissioner had deposed before him that his statement before DGoV was recorded under duress; and the CO by showing a pass book entry of drawal of ₹50,000/- after his return from foreign visits, had proved that he had refunded the cost of air tickets to the travel agent. However, the DA found these grounds unconvincing and issued disagreement note. The Commission also upheld the view of the DA by observing that (i) there was nothing on record to suggest use of any force or threat on the Additional Commissioner for recording of the impugned statement before DGoV; and (ii) withdrawal entry of ₹50,000/- from saving bank account of the CO was not sufficient to accept his claim of having reimbursed the same to travel agents engaged by Boat Builders as the cost of air tickets for his wife. Further, the Commission had observed that the CO's silence on the boarding & lodging arrangement for his wife during foreign visit and his failure to provide any evidence to show that the same was borne by him on his own strengthened the prosecution case. The act of taking undue favour from the Boat Builders by accepting

free business class air tickets and free boarding & lodging facilities for his wife was, therefore, proved by preponderance of probabilities. The Charge so proved was a very serious misconduct on the part of such a senior ranked officer and deserved imposition of a heavy penalty on the CO.

- ii. It was further observed that the Co-accused officer, i.e. the Additional Commissioner, who was charged with identical Charges and who was still in service till the conclusion of the proceedings, had been imposed the penalty of reduction of pay by one stage for period of two years with the effect of postponing his further increments of pay. Compared with the penalty imposed on him, which had cumulative effect and thereby affecting his pension on a permanent

basis it appeared that the penalty advised by the Commission against the CO was mild.

7. The DA tentatively proposed the penalty of withholding of 25% pension of the CO permanently and referred the case to the Department of Personnel and Training for resolving the disagreement with UPSC advice. The Competent Authority in DoP&T concurred with the proposal of the DA. Accordingly, on February 17, 2021, the DA issued the final Order in this case imposing the penalty of withholding of 25% of the monthly pension permanently on the CO, in disagreement with the Commission's advice.

8. As the Order passed by the Government was not in accordance with the Advice of the Commission, it has been treated as a case of non-acceptance of the Commission's Advice.

CHAPTER - 10

Delays in Implementing the Advice of the Commission

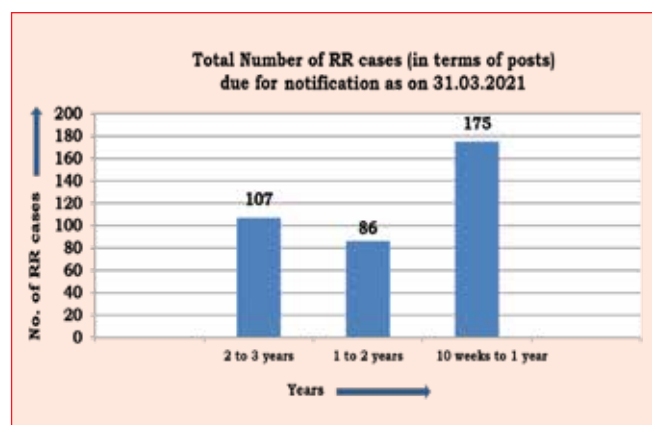

Delay in notification of Recruitment Rules

The DoP&T guidelines provide that the Recruitment Rules approved by the Commission should be notified by the Ministry(s)/ Department(s) concerned within a period of 10 weeks from the date of receipt of the Advice letter of the Commission. At the beginning of the year 2021-22, cases covering 384 posts were pending for Notification beyond the time stipulated under the DoP&T Guidelines. During 2021-22 the Commission rendered its advice in 242 proposals of framing/ amendment of recruitment rules, including 07 proposals of service rules. Ministry/ Department-wise detailed statement is at **Appendix-30**. The position of pending notifications at the end of the year 2021-22 is given in the **Table-1** and **Diagram-1**.

Table-1: RR Cases pending for Notification

Delay in issuance of offers of appointment to the candidates recommended by the Commission on the basis of result of various Examination.

2. There were a total of 51 cases, as on March 31, 2022 where offers of appointment to the candidates recommended by the Commission on the basis of results of various Examinations were delayed by the Ministries/ Departments. In all these 51 cases, the offers of appointments were not yet issued, even though a period of more than one year had elapsed (as compared to 04 cases of last year) as given in **Table-2**.

Views of the Commission

The Commission is of the firm view that candidates recommended by it should not be made to wait for the receipt of the offers of appointment from the Ministries/ Departments concerned.

4. In many cases, candidates selected by the Commission, in the meantime, secure placement elsewhere and do not

become available for appointment under the Government, thus rendering the whole exercise of the selection of such candidates infructuous. The Commission reiterates the need for the Ministries/ Departments concerned to adopt suitable measures in order to ensure that the recommended candidates are issued offers of appointment as early as possible.

[Vide Chapter-3]

Civil Services (Main) Examination, 2020 : Profile of Candidates

The Civil Services Examination is conducted in two successive stages viz. the Preliminary Examination and the Main Examination. The Civil Services (Preliminary) Examination consists of two compulsory objective type (multiple choice questions) papers. The marks obtained in the Preliminary Examination by the candidates, who are declared qualified for admission to the Main Examination, will not be counted for determining their final order of merit. The Main Examination

consists of written examination of nine conventional type papers and an Interview.

1.1 Out of 10,40,060 candidates who had applied for the Civil Services (Preliminary) Examination, 2020, only 4,82,770 candidates appeared in this examination held on October 4th, 2020. On the basis of results of Civil Services (Preliminary) examination, 10,564 (2.2%) candidates were declared qualified for taking the Main Examination. Community-wise and gender-wise details of these candidates are given in **Table-1**.

1.2 It may be seen from Table-1 that out of 10,40,060 candidates who had applied for the Civil Services (Preliminary) Examination, 2020, only 4,82,770 or 46.4 percent candidates appeared for this

examination. In other words, 53.6 percent of the candidates had applied but did not turn up for the examination. Further, the drop-out rate among the candidates belonging to the Scheduled Tribes was

maximum (59.8%) and w.r.t. Other Backward Classes category candidates was minimum (49.9%).

2. Out of 10,534 candidates applied for the Civil Services (Main) Examination, 2020, 10,343 (98.2%) had appeared in the Main Examination, held in January, 2021. Based on the results of the written part of the Main Examination, only 2,053 (19.8%) candidates had qualified for the Interview and 2,049 candidates had appeared in

the interview and thereafter, a total of **833** (Excluding three candidates whose category changed post recommendation and they found place under General category in Reserve list.) candidates have been recommended by the Commission for appointment to the civil services against 836 vacancies. Community and gender-wise number of candidates appeared, interviewed and recommended in the Civil Services (Main) Examination, 2020 are given in **Table-2**.

Table-2: Number of Candidates Appeared, Interviewed and Recommended - Civil Services (Main) Examination, 2020

2013	1228	2018	812
2014	1364@	2019	927*
2015	1164	2020	836

@ Result declared – 1363 posts. # Result declared – 1056 posts. * Result declared – 922 posts.

4. The number of candidates appeared, interviewed and recommended during the last five examinations are shown in **Diagram-1**.

Diagram-1: Candidates Appeared, Interviewed and Recommended - Civil Services (Main) Examinations (2016-20)

5. The success rate of candidates in the Examination by broad stream of disciplines is given in **Table-4**.

Table-4: Success Rate vis-à-vis Broad Stream of Disciplines Civil Services (Main) Examination, 2020

Educational Qualification	Number of Candidates		Success Rate (Percent)
	Inter-viewed	Recomm-ended	
I Bachelor Degrees	1601	650	40.6%
(i) Humanities	197	84	42.6%
(ii) Science	98	39	39.8%
(iii) Medical Science	70	31	44.3%
(iv) Engineering	1236	496	40.1%
II Higher Degrees	448	183	40.8%
(i) Humanities	258	109	42.2%
(ii) Science	70	27	38.6%
(iii) Medical Science	12	2	16.7%
(iv) Engineering	108	45	41.7%
Total	2049	833	40.7%

Note: Success rate is the number of candidates recommended as a percentage of those interviewed.

5.1 Thus, in totality, the success rate of candidates having higher degrees was slightly higher than the candidates having bachelor degrees.

5.2 It is seen from Table-4, a total of 833 or 40.7 percent of the candidates interviewed, were recommended for appointment to various civil services. Of them, 650 (78.0%) were graduates and 183 (22.0%) possessed post-graduate or higher qualifications.

6. The Optional Subject-wise distribution of candidates, who appeared in the Civil Services (Main) Examination, 2020 and were recommended for appointment with their success rate, is given in **Table-5**.

6.1 The following points emerge from Table-5 :

- (i) Political Science & International Relations was the most preferred subject among the optional subjects chosen by the candidates, followed by Geography and Sociology.
- (ii) Amongst the subjects opted by 100 or more candidates, the highest percentage of successful candidates had opted for Law (13.8 percent) followed by Economics (13.1 percent) and Commerce & Accountancy (12.9 percent).
- (iii) As far as academic backgrounds of the recommended candidates

are concerned, 64.9% were from Engineering, followed by 23.2%, 7.9% and 4.0% from Humanities, Science and Medical Science respectively. However, 85.1% of optional subjects opted by the recommended candidates were related to Humanities (including literature of languages), followed by 7.3%, 5.5% and 2.1% related to Science, Engineering and Medical Science respectively. This shows that most of the candidates have made a cross domain shift from their original stream (i.e., Engineering and Medical Science) to humanities.

6.2 Distribution of optional subjects opted by the candidates recommended by broad streams of optional subjects in the last three Civil Services (Main) Examinations are shown in **Diagram-2**.

7. A disaggregated analysis of the candidates recommended for appointment shows that 124 candidates or 14.9 percent belonged to the Scheduled Castes community, 61 candidates or 7.3 percent to the Scheduled Tribes, 245 candidates or 29.4 percent to the Other Backward Classes, 88 candidates or 10.6 percent to the Economically Weaker Section and

315 candidates or 37.8 percent to General category.

The community, age and gender-wise break-up of the candidates appeared in Civil Services (Preliminary) Examination, Civil Services (Main) Examination and candidates finally recommended are given in the **Table 6-A, 6-B and 6-C** respectively.

8. **Diagram-3** shows the trend of **male candidates** who appeared in Civil Services Examination 2020. It may be seen that highest percentage (26.5%) amongst the appeared male candidates in Civil Services (Preliminary) Examination 2020 were from the age group of 21-24 years.

But, in Civil Services (Main) Examination 2020, maximum 25.4% male candidates appeared from the age group of 24-26 years. However, among the recommended candidates, the highest percentage (28.9%) of males recommended, were from the age group of 26-28 years.

9. **Diagram-4** shows the trend of **female candidates** who appeared in Civil Services Examination 2020. It may be seen that highest percentage (34.8%) amongst the appeared female candidates in Civil Services (Preliminary) Examination 2020, were from the age group of 21-24 years.

But in Civil Services (Main) Examination 2020, maximum 29.8% of the female candidates appeared from the age group of 24-26 years and at recommendation stage, the highest percentage (32.8%) of the female candidates recommended were also from the age group of 24-26 years.

9.1 It is seen from Table 6-C that the highest percentage of candidates recommended belonged to the age group of 24-26 years (27.8 percent), followed by 26-28 years (27.3 percent), 21-24 years (19.7 percent), 28-30 years (15.2 percent) and 30 years & above (10.0 percent).

a success rate at 17.9 percent. As against this, 595 out of 9,010 male candidates were recommended which represents a success rate at 6.6 percent. Thus, the success rate of female candidates was significantly higher than that of male candidates.

10. Out of 1,333 female candidates who appeared in the Civil Services (Main) Examination, 2020, total 238 were recommended for appointment, registering

11. The community and gender-wise success rate of candidates is given in **Table-7.**

11.1 It is seen from the Table-7 that the performance of female candidates belonging to various communities viz. Scheduled Castes, Scheduled Tribes, Other Backward Classes, Economically Weaker Section and General category was better than that of male candidates of corresponding community.

12. Out of a total of 14,416 persons with benchmark disabilities who applied for the Civil Services (Preliminary) Examination, 2020, total 6,231 candidates appeared in Civil Services (Preliminary) Examination and 163 qualified. But only 156 candidates with benchmark disabilities appeared in Civil Services (Main) Examination and 25 such candidates were recommended for appointment. Of them, four candidates belonged OBC and 21 to General community. This includes six female candidates recommended for appointment. Further, two such

candidates qualified the examination in their first attempt. Furthermore, among these 25 candidates with benchmark disabilities, five candidates belong to the age group of 21-24 years.

12.1 It is important to mention here that, in all the tables and diagrams given in this appendix, the number of candidates with disabilities has been taken in their respective communities i.e. Scheduled Castes, Scheduled Tribes, Other Backward Classes, Economically Weaker Section and General community.

13. The community and gender-wise number of attempts made by the candidates appeared in Civil Services (Preliminary) Examination, Civil Services (Main) Examination and finally recommended are given in the **Table 8-A, 8-B and 8-C** and also shown in the **Diagram-5**.

13.1 It follows from Table 8-A and 8-C that while 49.0 percent of candidates appeared in Civil Services (Preliminary) Examination, 2020 in their first attempt, only 8.4 percent of finally qualified candidates could clear the Examination in

their first attempt. Further, in the second, third and fourth attempts, the percentage of recommended candidates was 18.1 percent, 20.5 percent and 18.6 percent respectively.

Engineering Services Examination, 2020 : Profile of Candidates

Engineering Services Examination is conducted in three stages. The plan of Engineering Services examination is given below :-

- (i) **Stage-I** : Engineering Services (Preliminary/ Stage-I) Examination (Objective Type Papers) for the selection of candidates for the Stage-II Engineering Services (Main/ Stage-II) Examination.
- (ii) **Stage-II** : Engineering Services (Main/ Stage-II) Examination (Conventional Type Papers) and
- (iii) **Stage-III** : Personality Test

2. The Engineering Services (Preliminary/ Stage-I) Examination consists of two objective type (Multiple choice) question papers and carries a maximum of 500 marks (Paper-I – 200 Marks & Paper-II – 300 Marks). Only those candidates who are declared by the Commission to have qualified in the Preliminary/ Stage-I Examination in the year are eligible for admission to the Main/ Stage-II Examination of that year. The marks obtained in the Preliminary/ Stage-I Examination by the candidates who are declared qualified for admission to the Main/ Stage-II Examination are counted for determining their final order of merit.

2.1 The Engineering Services (Main/ Stage-II) Examination consists of two conventional type papers in Engineering Discipline with maximum marks of 600 (300 marks in each paper). The Stage-III

consists of Personality Test carries 200 marks. Marks obtained by the candidates in the Stage-I (Preliminary/ Stage-I) Examination, Stage-II (Main/ Stage-II) Examination and Stage-III (Personality Test) determine their final ranking.

3. The number of vacancies reported by the Government for filling up the posts in four disciplines of engineering through the Engineering Services Examination, 2020 are as follows:

Discipline		Number of Vacancies
(i)	Civil Engineering	147
(ii)	Mechanical Engineering	41
(iii)	Electrical Engineering	74
(iv)	Electronics and Telecommunication Engineering	85
Total		347

4. Out of 2,33,457 candidates who had applied for the Engineering Services (Preliminary) Examination 2020, only 1,17,644 (50.4%) candidates appeared in the Preliminary Examination held on January 5, 2020. On the basis of result of the Preliminary Examination, 2,263 (1.9%) candidates qualified for Engineering Services (Main) Examination, 2020 and 1,955 candidates appeared in Engineering Services (Main) Examination, 2020 held on October 18, 2020. Further, on the basis of result of Main Examination, 874 candidates qualified for Personality Test. Of those, only 843 candidates attended the Personality Test and 302 candidates

were recommended for appointment to the various engineering services/ posts initially. **Further, a supplementary result was declared on January 7, 2022 recommending 41 candidates. Hence, the figure of recommended candidates**

in Engineering Services Examination, 2020 has been taken as 343 (302+41) which has been reckoned for study. Community and Gender wise details of the candidates applied and appeared in written part of the examination are given in **Table-1**.

Table-1 : Number of Candidates who Applied and Appeared – Engineering Services (Preliminary) Examination, 2020

Community	Number of Candidates						Drop-out Rate (%)
	Applied			Appeared			
	Male	Female	Total	Male	Female	Total	
Scheduled Castes	36,175	8,228	44,403	14,618	3,235	17,853	59.8%
Scheduled Tribes	13,001	3,136	16,137	5,890	1,459	7,349	54.5%
Other Backward Classes	54,497	15,294	69,791	32,020	6,374	38,394	45.0%
Economically Weaker Section	11,705	2,100	13,805	7,084	929	8,013	42.0%
General	67,486	21,835	89,321	37,360	8,675	46,035	48.5%
Total	1,82,864	50,593	2,33,457	96,972	20,672	1,17,644	49.6%

4.1 It is seen from Table 1 that out of 2,33,457 candidates who applied for the Engineering Services (Preliminary) Examination, 2020, only 1,17,644 or 50.4% of the candidates appeared for the Preliminary Examination. In other words, 49.6% of the candidates did not turn up for the examination. Further, the drop-out rate among the candidates belonging to the Scheduled Castes was maximum as compared to the drop-out

rate of Scheduled Tribes, Other Backward Classes, Economically Weaker Section and General Category.

4.2 Community-wise number of candidates applied, appeared, qualified the written examination (both Preliminary and Main Examination), attended the personality test and recommended in the Engineering Services Examination 2020 are given in **Table-2**.

Table-2: Community-wise Number of Candidates Engineering Services Examination, 2020

Community	Number of Candidates					Attended the Personality Test	Recommended
	Preliminary Examination			Main Examination			
	Applied	Appeared	Qualified	Appeared	Qualified		
Scheduled Castes	44,403	17,853	297	253	119	119	53
Scheduled Tribes	16,137	7,349	136	120	54	53	25
Other Backward Classes	69,791	38,394	622	537	309	302	109
Economically Weaker Section	13,805	8,013	228	175	75	72	36
General	89,321	46,035	980	870	317	297	120
Total	2,33,457	1,17,644	2,263	1,955	874	843	343

4.3 The number of candidates who recommended for appointment in the appeared at the written examination, last five examinations are shown in attended the Personality Test and were **Diagram-1.**

5. The distribution of candidates at College/University level in respect of by their academic qualifications (i.e. candidates, who attended the Personality Test and were recommended, is given in prescribed qualifications) and division **Table-3.**

Table-3: Number of Candidates by Academic Qualifications and Division - Engineering Services Examination, 2020

Academic Qualifications	Candidates who Attended the Personality Test			Candidates Recommended		
	First Division	Other than First Division	Total	First Division	Other than First Division	Total
Bachelor Degrees	707	30	737	291	15	306
Higher Degrees	105	1	106	36	1	37
Total	812	31	843	327	16	343

5.1 It follows from Table-3 that while 89.2 percent of the candidates recommended for appointment were graduates, remaining 10.8 percent possessed Post-graduation or higher qualifications. Further, the percentage of graduates and Post-graduates or higher degree holders among the candidates who attended the Personality Test, were 87.4 percent and 12.6 percent respectively.

5.2 It is seen from Table-3 that out of 343 candidates recommended for appointment, 327 candidates or 95.3 percent were having first division and 16 candidates or 4.7 percent were having second or lower division at College/

University level. Further, the percentage of candidates having first division among the candidates who attended the Personality Test was 96.3 percent.

6. The distribution of candidates having regular degrees like B.Tech./ B.Sc. (Engg.)/ M.E./ M.Sc.(Engg.)/ M.Tech etc. from the Universities on one hand and those having equivalent qualifications like Associate Membership/Graduate Membership awarded by the Institution of Engineers (India)/Institution of Electronics and Telecommunication Engineers/Aeronautical Society of India etc. on the other hand is given in **Table-4.**

Table-4: Number of Candidates having Regular Degrees vis-à-vis Equivalent Qualifications - Engineering Services Examination, 2020

Academic Qualifications		Number of Candidates	
		Attended the Personality Test	Recommended
I	Regular Degrees		
(a)	First Division		
(i)	B.E./B.Tech./B.Sc.(Engineering)	707	291
(ii)	M.E./M.Tech./M.Sc.(Engineering)	105	36
(b)	Other Divisions		
(i)	B.E./B.Tech./B.Sc.(Engineering)	30	15
(ii)	M.E./M.Tech./M.Sc.(Engineering)	01	01
II	Equivalent Qualifications		
	Section 'A' and 'B' of Institution of Engineers (India)/Graduate Membership Examination of Institution of Electronics and Telecommunication Engineers/ Associate Membership Examination of Aeronautical Society of India, etc.)	0	0
	Total	843	343

6.1 It is seen from Table-4 that all 343 candidates recommended for appointment possess regular degrees from the Universities and none of the candidates

possesses equivalent qualifications awarded by the Institution of Engineers (India)/ Institution of Electronics and Telecommunication Engineering etc.

7. Discipline and qualification-wise Test vis-à-vis those recommended for candidates who attended the Personality appointment is given in **Table-5**.

Table-5: Discipline and Qualification-wise Number of Candidates – Engineering Services Examination, 2020

Discipline	Candidates who Attended the Personality Test			Candidates Recommended		
	Bachelor Degrees	Higher Degrees	Total	Bachelor Degrees	Higher Degrees	Total
Civil	312	52	364	129	17	146
Mechanical	95	11	106	38	3	41
Electrical	161	14	175	66	5	71
Electronics and Telecommunication	169	29	198	73	12	85
Total	737	106	843	306	37	343

7.1 It follows from Table-5 that out of 343 candidates recommended for appointment, 146 candidates or 42.5 percent were recommended for Civil engineering posts, 41 candidates or 11.9 percent for Mechanical engineering posts, 71 candidates or 20.7 percent for Electrical engineering posts and 85 candidates or 24.9 percent for Electronics and Telecommunication engineering posts.

7.2 Out of the recommended candidates, the percentage of candidates having higher qualifications in Civil,

Mechanical, Electrical and Electronics & Telecommunication engineering was 11.6 percent, 7.3 percent, 7.0 percent and 14.1 percent respectively. Thus, as compared to other engineering disciplines, percentage of post-graduates in Electronics & Telecommunication engineering was the maximum.

7.3 The discipline and qualification-wise distribution of candidates who attended the Personality Test vis-à-vis those recommended, is also exhibited in **Diagram-2**.

Diagram-2: Discipline and Qualification-wise Distribution of Candidates Engineering Services Examination, 2020

8. The community and gender-wise Personality Test and were recommended number of candidates who attended the are given in **Table-6**.

Table-6: Community and Gender-wise Number of Candidates Engineering Services Examination, 2020

Community	Candidates Attended the Personality Test			Candidates Recommended		
	Male	Female	Total	Male	Female	Total
Scheduled Castes	108	11	119	50	3	53
Scheduled Tribes	48	5	53	23	2	25

General	254	43	297	99	21	120
Total	760	83	843	308	35	343

8.1 It follows from Table-6 that the female candidates constituted 10.2 percent of the candidates recommended as compared to 89.8 percent for the male candidates.

9. The community, age and gender-wise distribution of the candidates recommended is given in **Table-7**.

Table-7: Community, Age and Gender-wise Distribution of Candidates Recommended - Engineering Services Examination, 2020 [Age reckoned as on 01-01-2020]

Community	Candidates Recommended			Age group									
				21-24 years		24-26 years		26-28 years		28-30 years		30 years & above

Total	308	35	343	159	24	92	8	44	3	9	0	4	0

M : Male; F : Female; T : Total

9.1 It is seen from Table 7 that 53 candidates or 15.4 percent belonged to the Scheduled Castes, 25 candidates or 7.3 percent to the Scheduled Tribes, 109 candidates or 31.8 percent to the Other Backward Classes, 36 candidates or 10.5 percent to the Economically Weaker

Section candidates and 120 candidates or 35.0 percent to General category.

9.2 Community-wise distribution of the candidates recommended is also depicted in **Diagram-3**.

Diagram-3: Community-wise Distribution of Candidates Recommended - Engineering Services Examination, 2020

10. The community and gender-wise average age of the candidates recommended is given in **Table-8**.

Table-8: Community and Gender-wise Average Age of Candidates Recommended - Engineering Services Examination, 2020 [Age reckoned as on 01-01-2020]

Community	Average Age of Candidates Recommended (in years)		
	Male	Female	Total
Scheduled Castes	24.0	24.5	24.0
Scheduled Tribes	23.6	22.6	23.5
Other Backward Classes	23.9	23.7	23.9
Economically Weaker Section	24.1	23.6	24.0
General	24.8	23.8	24.6
Total	24.2	23.8	24.1

10.1 It is seen from Table 8 that in Scheduled Tribes, Other Backward Classes, Economically Weaker Section and General female candidates who were recommended for appointment, were younger in age than the male candidates.

11. The discipline and age group-wise distribution of the candidates recommended for appointment is given in **Table-9**.

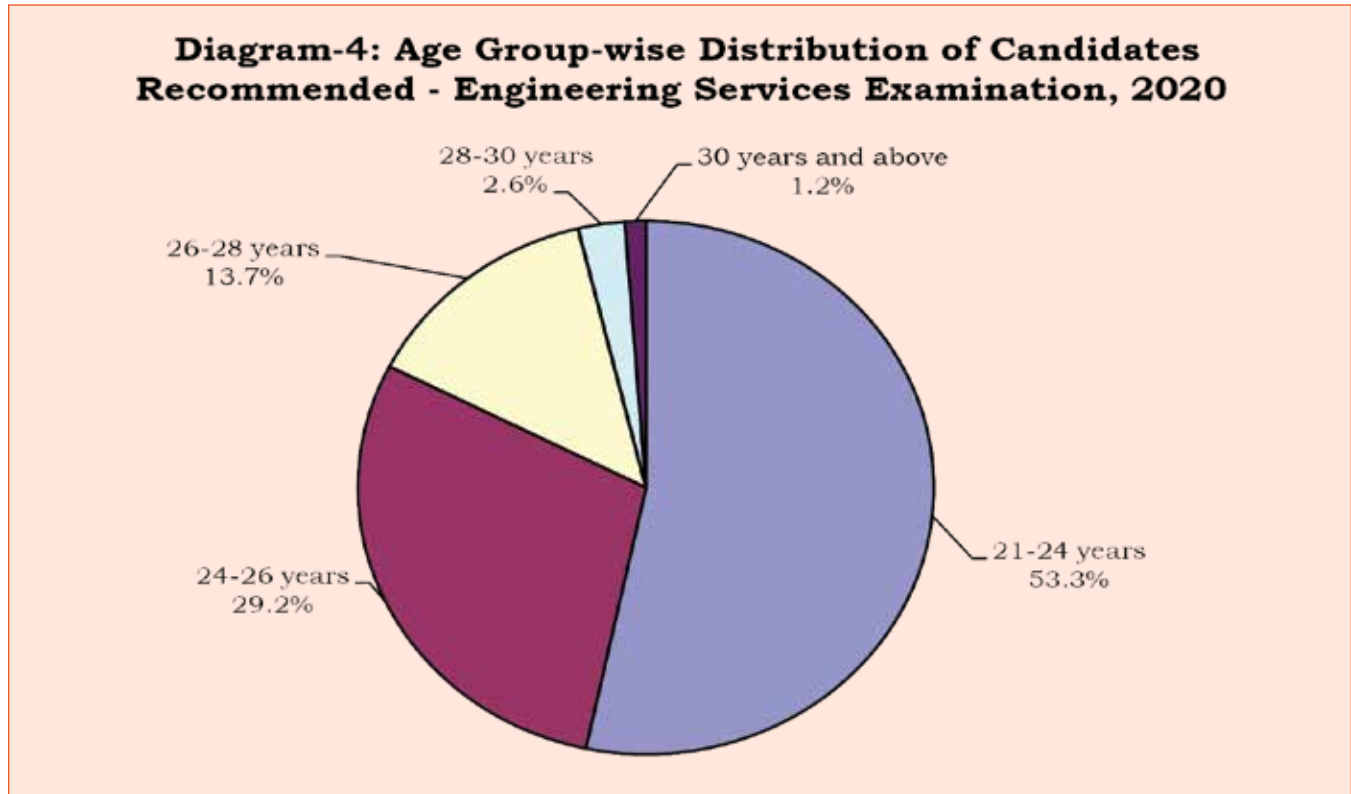

Table-9: Discipline and Age Group-wise Distribution of Candidates Recommended - Engineering Services Examination, 2020 [Age reckoned as on 01-01-2020]

Discipline	Candidates Recommended	Age group				
		21-24 years	24-26 years	26-28 years	28-30 years	30 years & above

Mechanical	41	22	13	16	0	0
Electrical	71	33	19	15	3	1
Electronics and Telecommunication	85	41	18	18	5	3
Total	343	183	100	47	9	4

11.1 It is seen from Table 9 that the highest percentage of the candidates recommended belonged to the age group of 21 - 24 years (53.3 percent), followed by age groups of 24 - 26 years (29.2 percent), 26 - 28 years (13.7 percent), 28 - 30 years

(2.6 percent) and 30 years and above (1.2 percent).

11.2 Age group-wise distribution of the candidates recommended is depicted in **Diagram-4.**

12. A total number of 13 vacancies were reported by the Government reserved for Persons with Benchmark Disabilities to be filled up on the basis of the Engineering Services Examination, 2020. Out of these 13 vacancies, **four** vacancies (**two** for **PwBD-1** category and **two** for **PwBD-3** category) were reserved in Civil Engineering discipline; **two** vacancies for **PwBD-1** category were reserved in Mechanical Engineering discipline; **four** vacancies (**one** for **PwBD-1** category and **three** for **PwBD-3** category) were reserved in Electrical Engineering

discipline; **three** vacancies for **PwBD-2** category were reserved in Electronics and Telecommunication Engineering discipline. [**PwBD-1: Orthopedically differently abled; PwBD-2: Low Vision; and PwBD-3: Hearing Impaired**].

12.1 Of the 1,925 candidates with benchmark disabilities, who applied for Engineering Services (Preliminary) Examination 2020, 953 candidates appeared in the Preliminary Examination and 66 candidates qualified the Preliminary Examination. Out of 66 qualified candidates, 54 candidates

appeared in Engineering Services (Main) Examination 2020 and 31 candidates qualified the Main Examination. Out of them, 27 attended the Personality Test and a total of 13 candidates with benchmark disabilities (four in Civil Engineering, two in Mechanical Engineering, four in Electrical Engineering and three in Electronics and Telecommunication Engineering discipline) were recommended for appointment. Of these 13 recommended candidates five belonged to **PwBD-1** category, three belonged to

PwBD-2 category and remaining five belonged to **PwBD-3** category.

12.2 Out of these 13 recommended candidates, two belonged to the Scheduled Caste, one belonged to the Scheduled tribe, four belonged to the Other Backward Classes and six belonged to the General category. Further, out of these 13 candidates, seven candidates belonged to the age-group of 21 – 24 years, two to the age-group of 24 – 26 years, two to the age group of 26 – 28 years and two to the age group of 30 years and above.

Engineering Services Examination, 2021 : Profile of Candidates

Engineering Services Examination is conducted in three stages. The plan of Engineering Services examination is given below:-

- (i) **Stage-I** : Engineering Services (Preliminary/ Stage-I) Examination (Objective Type Papers) for the selection of candidates for the Stage-II Engineering Services (Main/ Stage-II) Examination.
- (ii) **Stage-II** : Engineering Services (Main/ Stage-II) Examination (Conventional Type Papers) and
- (iii) **Stage-III** : Personality Test

2. The Engineering Services (Preliminary/ Stage-I) Examination consists of two objective type (Multiple choice) question papers and carries a maximum of 500 marks (Paper-I – 200 Marks & Paper-II – 300 Marks). Only those candidates who are declared by the Commission to have qualified in the Preliminary/ Stage-I Examination in the year are eligible for admission to the Main/ Stage-II Examination of that year. The marks obtained in the Preliminary/ Stage-I Examination by the candidates who are declared qualified for admission to the Main/ Stage-II Examination are counted for determining their final order of merit.

2.1 The Engineering Services (Main/ Stage-II) Examination consists of two conventional type papers in Engineering

Discipline with maximum marks of 600 (300 marks in each paper). The Stage-III consists of Personality Test carries 200 marks. Marks obtained by the candidates in the Stage-I (Preliminary/ Stage-I) Examination, Stage-II (Main/ Stage-II) Examination and Stage-III (Personality Test) determine their final ranking.

3. The number of vacancies reported by the Government for filling up the posts in four disciplines of engineering through the Engineering Services Examination, 2021 are as follows:

Discipline		Number of Vacancies
(i)	Civil Engineering	85
(ii)	Mechanical Engineering	39
(iii)	Electrical Engineering	60
(iv)	Electronics and Telecommunication Engineering	41
Total		225

4. Out of 1,44,211 candidates who had applied for the Engineering Services (Preliminary) Examination 2021, only 52,522 (36.4%) candidates appeared in the Preliminary Examination held on July 18, 2021. On the basis of result of the Preliminary Examination, 1,539 (2.9%) candidates qualified for Engineering Services (Main) Examination, 2021 and 1,379 candidates appeared in Engineering Services (Main) Examination, 2021 held on November 21, 2021. Further, on the basis of result of Main Examination, 568 candidates qualified for Personality Test.

Of those, only 553 candidates attended the Personality Test and 194 candidates were recommended for appointment to the various engineering services/ posts initially. The result of the remaining 31

vacancies have not been declared till date. Community and Gender wise details of the candidates applied and appeared in written part of the examination are given in **Table-1**.

Table-1: Number of Candidates who Applied and Appeared – Engineering Services (Preliminary) Examination, 2021

Community	Number of Candidates						Drop-out Rate (%)

* Figure includes three transgender candidates. ** Figure includes one transgender candidate.

4.1 It is seen from Table-1 that out of 1,44,211 candidates who applied for the Engineering Services (Preliminary) Examination, 2021, only 52,522 or 36.4% of the candidates appeared for the Preliminary Examination. In other words, 63.6% of the candidates did not turn up for the examination. Further, the drop-out rate among the candidates belonging to the Scheduled Castes was maximum as compared to the drop-out

rate of Scheduled Tribes, Other Backward Classes, Economically Weaker Section and General Category.

4.2 Community-wise number of candidates applied, appeared, qualified the written examination (both Preliminary and Main Examination), attended the personality test and recommended in the Engineering Services Examination 2021 are given in **Table-2**.

Table-2: Community-wise Number of Candidates Engineering Services Examination, 2021

Community	Number of Candidates					Attended the Personality Test	Recommended
	Preliminary Examination			Main Examination			
	Applied	Appeared	Qualified	Appeared	Qualified

Total	1,44,211	52,522	1,539	1,379	568	553	194

4.3 The number of candidates who recommended for appointment in the appeared at the written examination, last five examinations are shown in attended the Personality Test and were **Diagram-1.**

* Number of candidates appeared in Preliminary Examination.

5. The distribution of candidates at College/ University level in respect of by their academic qualifications (i.e. candidates, who attended the Personality higher qualifications vis-à-vis minimum Test and were recommended, is given in prescribed qualifications) and division **Table-3.**

Table-3: Number of Candidates by Academic Qualifications and Division - Engineering Services Examination, 2021

Academic Qualifications	Candidates who Attended the Personality Test			Candidates Recommended		
	First Division	Other than First Division	Total	First Division	Other than First Division	Total
Bachelor Degrees	466	16	482	166	6	172
Higher Degrees	71	0	71	22	0	22
Total	537	16	553	188	6	194

5.1 It follows from Table-3 that while 88.7 percent of the candidates recommended for appointment were graduates, remaining 11.3 percent possessed Post-graduation or higher qualifications. Further, the percentage of graduates and Post-graduates or higher degree holders among the candidates who attended the Personality Test, were 87.2 percent and 12.8 percent respectively.

5.2 It is seen from Table-3 that out of 194 candidates recommended for appointment, 188 candidates or 96.9 percent were having first division and 6 candidates or 3.1 percent were having second or lower division at College/

University level. Further, the percentage of candidates having first division among the candidates who attended the Personality Test was 97.1 percent.

6. The distribution of candidates having regular degrees like B.Tech./ B.Sc. (Engg.)/ M.E./ M.Sc.(Engg.)/ M.Tech etc. from the Universities on one hand and those having equivalent qualifications like Associate Membership/Graduate Membership awarded by the Institution of Engineers (India)/Institution of Electronics and Telecommunication Engineers/Aeronautical Society of India etc. on the other hand is given in **Table-4**.

Table-4: Number of Candidates having Regular Degrees vis-à-vis Equivalent Qualifications - Engineering Services Examination, 2021

6.1 It is seen from Table-4 that all 194 candidates recommended for appointment possess regular degrees from the Universities and none of the candidates possesses equivalent qualifications awarded by the Institution of Engineers

(India)/ Institution of Electronics and Telecommunication Engineering etc.

7. Discipline and qualification-wise candidates who attended the Personality Test vis-à-vis those recommended for appointment is given in **Table-5**.

Table-5: Discipline and Qualification-wise Number of Candidates – Engineering Services Examination, 2021

Discipline	Candidates who Attended the Personality Test			Candidates Recommended		
	Bachelor Degrees	Higher Degrees	Total	Bachelor Degrees	Higher Degrees	Total
Civil	182	27	209	69	8	77

Electrical	138	12	150	51	3	54
Electronics and Telecommunication	87	13	100	25	4	29
Total	482	71	553	172	22	194

7.1 It follows from Table-5 that out of 194 candidates recommended for appointment, 77 candidates or 39.7 percent were recommended for Civil engineering posts, 34 candidates or 17.5 percent for Mechanical engineering posts, 54 candidates or 27.8 percent for Electrical engineering posts and 29 candidates or 15.0 percent for Electronics and Telecommunication engineering posts.

7.2 Out of the recommended candidates, the percentage of candidates

having higher qualifications in Civil, Mechanical, Electrical and Electronics & Telecommunication engineering was 10.4 percent, 20.6 percent, 5.6 percent and 13.8 percent respectively. Thus, as compared to other engineering disciplines, percentage of post-graduates in Mechanical engineering was the maximum.

7.3 The discipline and qualification-wise distribution of candidates who attended the Personality Test vis-à-vis those recommended, is also exhibited in **Diagram-2.**

8. The community and gender-wise Personality Test and were recommended number of candidates who attended the are given in **Table-6**.

Table-6: Community and Gender-wise Number of Candidates Engineering Services Examination, 2021

9.1 It is seen from Table-7 that 26 candidates or 13.4 percent belonged to the Scheduled Castes, 16 candidates or 8.2 percent to the Scheduled Tribes, 56 candidates or 28.9 percent to the Other Backward Classes, 20 candidates or

10.3 percent to the Economically Weaker Section and 76 candidates or 39.2 percent to General category.

9.2 Community-wise distribution of the candidates recommended is also depicted in **Diagram-3**.

Diagram-3: Community-wise Distribution of Candidates Recommended - Engineering Services Examination, 2021

10. The community and gender-wise average age of the candidates recommended is given in **Table-8**.

Table-8: Community and Gender-wise Average Age of Candidates Recommended - Engineering Services Examination, 2021 [Age reckoned as on 01-01-2021]

10.1 It is seen from Table-8 that in Other Backward Classes and General female candidates who were recommended for appointment, were younger in age than the male candidates.

11. The discipline and age group-wise distribution of the candidates recommended for appointment is given in **Table-9**.

Table-9: Discipline and Age Group-wise Distribution of Candidates Recommended - Engineering Services Examination, 2021 [Age reckoned as on 01-01-2021]

Electronics and Telecommunication	29	6	11	3	7	2
Total	194	76	73	24	17	4

11.1 It is seen from Table-9 that the highest percentage of the candidates recommended belonged to the age group of 21 - 24 years (39.2 percent), followed by age groups of 24 - 26 years (37.6 percent), 26 - 28 years (12.4 percent), 28 - 30 years

(8.8 percent) and 30 years and above (2.0 percent).

11.2 Age group-wise distribution of the candidates recommended is depicted in **Diagram-4.**

12. A total number of 14 vacancies were reported by the Government reserved for Persons with Benchmark Disabilities to be filled up on the basis of the Engineering Services Examination, 2021. Out of these 14 vacancies, **nine** vacancies (**two** for **PwBD-1** category and **seven** for **PwBD-3** category) were reserved in Civil Engineering discipline; **one** vacancy for **PwBD-1** category were reserved in Mechanical Engineering discipline; **three** vacancies (**two** for **PwBD-1** category and **one** for **PwBD-3** category) were reserved in Electrical Engineering discipline; **one** vacancy for **PwBD-1** category was reserved

in Electronics and Telecommunication Engineering discipline. [**PwBD-1: Orthopedically differently abled; PwBD-2: Low Vision; and PwBD-3: Hearing Impaired**].

12.1 Of the 1,263 candidates with benchmark disabilities, who applied for Engineering Services (Preliminary) Examination 2021, 453 candidates appeared in the Preliminary Examination and 51 candidates qualified the Preliminary Examination. Out of 51 qualified candidates, 46 candidates appeared in Engineering Services (Main) Examination 2021 and 26 candidates

qualified the Main Examination. Out of them, 24 attended the Personality Test and a total of 14 candidates with benchmark disabilities (nine in Civil Engineering, one in Mechanical Engineering, three in Electrical Engineering and one in Electronics and Telecommunication Engineering discipline) were recommended for appointment. Of these 14 recommended candidates six belonged to **PwBD-1** category and remaining eight belonged to **PwBD-3** category.

12.2 Out of these 14 recommended candidates, four belonged to the Other Backward Classes and 10 belonged to the General category. Further, out of these 14 candidates, two candidates each belonged to the age-group of 21 – 24 years and 26 – 28 years, eight to the age-group of 24 – 26 years and one each to the age group of 28 – 30 years and 30 years and above.

Indian Forest Service Examination, 2020 : Profile of Candidates

Every year Union Public Service Commission conducts Indian Forest Service Examination. The Indian Forest Service Examination is conducted in two successive stages viz. The Civil Services (Preliminary) Examination (Objective type) for screening and selection of candidates for Indian Forest Service (Main) Examination and then Indian Forest Service (Main) Examination (Written and Interview) for selection of candidates for the Indian Forest Service. The Preliminary Examination consists of two objective type (Multiple choice questions) papers of 200 marks each. This examination is meant to serve as a screening test only. The marks obtained in the Preliminary Examination are not reckoned for determining the final order of merit of the candidates. The Main Examination consists of six conventional (essay) type papers and carries a total of 1,400 marks whereas the interview carries 300 marks. Only those candidates who qualify the Main examination are eligible for interview (Personality Test).

2. Out of 2,61,605 candidates who had applied for the Indian Forest Service through Civil Services (Preliminary) Examination, 2020, only 1,18,054 (45.1%) candidates appeared in the

Preliminary Examination held on 4th October 2020. On the basis of the result of the Preliminary Examination, 1,113 candidates qualified for Indian Forest Service (Main) Examination. Out of them only 1,042 candidates applied for Indian Forest Service (Main) Examination, 2020. However, 600 candidates appeared in the Indian Forest Service (Main) Examination 2020 held from 28th February, 2021 to 7th March, 2021. Further, on the basis of result of Main Examination, 222 candidates qualified for Personality Test. Out of which 209 candidates attended the Personality Test. Subsequently, 89 candidates were finally recommended by the Commission for appointment to the Indian Forest Service. One vacancy has not been filled due to non-availability of suitable PwBD (Person with Benchmark Disability) candidate. The number of vacancies, candidates applied, appeared and qualified in Preliminary Examination as well as in the Indian Forest Service (Main) Examination, the number of candidates who attended the Personality Test and the number of candidates who were recommended in the Indian Forest Service Examinations held during the last five years, are given in **Table-1**.

Diagram-2: Community wise Percentage of candidates Applied and Appeared – Indian Forest Service (Preliminary) Examination, 2020

It may be seen from Table-2 that out of 2,61,605 candidates who applied for the Indian Forest Service (Preliminary) Examination 2020, only 1,18,054 (45.1%) of the candidates appeared for the written examination. In other words, 54.9% of the candidates did not turn up for the examination. Further, the dropout rate in each community is very high and it

was maximum in case of Scheduled Tribe community (60.2%). Out of the 1,18,054 candidates, who appeared in the Indian Forest Service Examination 2020, total 31,244 (26.5%) candidates were female. Similarly, of the total 89 candidates recommended in the Indian Forest Service Examination, 2020, 14 (15.7%) were female (vide Table-7).

4. Community-wise number of personality test and recommended in the candidates applied, appeared, qualified Indian Forest Service Examination, 2020 the written examination (both Preliminary and Main Examination), attended the are given in **Table-3**.

5. Based on the information furnished by the candidates in the detailed application forms of Indian Forest Service Examination, 2020, an analysis has been made in regard to their academic qualifications. For this purpose, the highest qualifications acquired by the candidates have been taken into account. The academic qualification-wise distribution of the candidates who attended the personality test and were recommended is given in **Table-4**.

Table-4: Academic Qualification-wise Distribution of Candidates: Indian Forest Service Examination, 2020

Academic Qualification		Number of Candidates	
		Attended the Personality Test	Recomm- ended
I. Bachelor Degrees		163	63
(i)	Bachelor degree in Agriculture or Forestry	2	1
(ii)	Bachelor degree in Veterinary Science and Animal Husbandry / MBBS	-	-
(iii)	Bachelor degree in Physics, Chemistry, Botany, Zoology, Mathematics, Statistics, Biology or Geology	1	1
(iv)	Bachelor degree in Engineering	160	61
II. Higher Degrees		46	26
(i)	Master degree in Agriculture or Forestry	1	1
(ii)	Master degree in Veterinary Science and Animal Husbandry	-	-
(iii)	Master degree in Engineering	30	17
(iv)	Master degree in other subjects	15	8
Total		209	89

5.1 As seen from Table-4 above, 70.8% of the candidates recommended were graduates and 29.2% possessed post-graduate or higher qualifications.

5.2 It may be seen from Table-4 that 87.6% of the candidates recommended

in the Indian Forest Service Examination 2020 were from engineering background.

6. The distribution of candidates who attended the Personality Test vis-à-vis those recommended for appointment with their optional subjects is given in **Table-5**.

Table-5: Optional subject-wise Distribution of Candidates Attended the Personality Test vis-à-vis Recommended – Indian Forest Service Examination, 2020

10.	Mechanical Engineering	6	3	50.0%
11.	Physics	7	2	28.6%
12.	Zoology	4	2	50.0%

* Each Candidate has opted for two optional subjects.

6.1 From Table-5, it emerges that Forestry was the most preferred optional subject amongst the optional subjects chosen by the candidates who attended the Personality Test, followed by Geology and Agricultural Engineering, and in case of recommended candidates also, Forestry and Geology were found to be most fruitful optional subjects.

6.2 It may also be seen from Table-4 and Table-5 that as far as academic background of the recommended candidates is concerned, 87.6% of the

candidates were having Engineering background. However, only 19.1% of the optional subjects opted by the recommended candidates were related to Engineering discipline. This shows that most of the candidates have made a cross domain shift from their original stream i.e. Engineering to Non-Engineering subjects.

7. The community, age and gender-wise distribution of candidates who attended the Personality Test is given in **Table-6**.

7.1 It may be seen from the above Table 6 that, of the 209 candidates who attended the Personality Test, 26 (12.4%) candidates belonged to Scheduled Castes, 14 (6.7%) belonged to Scheduled Tribes, 76 (36.4%) belonged to Other

Backward Classes, 22 (10.5%) belonged to Economically Weaker Section and 71 (34.0%) belonged to General community.

8. The community, age and gender-wise distribution of candidates recommended for appointment is given in **Table-7**.

8.1. The following information emerges from Table-7:

- (i) Of the 89 recommended candidates, 13 (14.6%) belonged to Scheduled Castes, seven (7.9%) to Scheduled Tribes, 34 (38.2%) to Other Backward Classes, 10 (11.2%) belonged to

Economically Weaker Section and 25 (28.1%) to General community. Community-wise percentage of candidates recommended in Indian Forest Service Examination, 2020 is also depicted in **Diagram-3**.

Diagram-3: Community wise Percentage of candidates recommended - Indian Forest Service Examination, 2020

- (ii) Female candidates constituted 15.7 percent of the total candidates recommended.
- (iii) Highest percentage of the candidates recommended belonged to the age group of 26-28 years (32.6%) followed by 24-26 years and 30 years and above (19.1% each), 28-30 years (16.8%) and 21-24 years (12.4%). Age-wise percentage of candidates recommended in the Indian Forest Service Examination, 2020, is shown in **Diagram-4**.

Diagram-4: Age-wise Percentage of candidates Recommended - Indian Forest Service Examination, 2020

9. General/Economically Weaker Section and Other Backward Classes community candidates are permitted maximum six and nine attempts respectively at the examination. PwBD candidates of General/Economically Weaker Section categories are also permitted maximum nine attempts at the examination. However, there is no restriction on the number of attempts for the Scheduled Castes and the Scheduled Tribes community. The community and gender-wise number of attempts made by the recommended candidates for the examination are given in **Table-8**.

Table-8: Number of Attempts Made by the Recommended Candidates - Community and Gender-wise – Indian Forest Service Examination, 2020

9.1 It follows from Table-8 that 9.0 percent of the candidates qualified the examination in the first attempt, 20.2 percent in the second attempt, 30.3 percent in the third attempt, 15.7 percent in fourth attempt, 14.6 percent in the fifth attempt, 5.6 percent in the sixth attempt, 2.3 percent each in seventh and eighth attempt. No recommended candidates (whether SC, ST, OBC or PwBD, who are eligible for more than eight attempts) has availed more than eight attempts.

10. A total number of four vacancies were reported by the Government for Person with Benchmark Disabilities

(PwBD) to be filled up on the basis of Indian Forest Service Examination, 2020. Of the 629 PwBD candidates who applied for the Indian Forest Service (Preliminary) Examination, 2020, 290 candidates appeared in Preliminary Examination. 21 PwBD candidates qualified the Preliminary Examination, but only eight candidates appeared in Indian Forest Service (Main) Examination, 2020 and six candidates qualified the Main Examination. Only five qualified candidates attended the Personality Test and three PwBD candidates were recommended for appointment.
